VOL. 78 NO. 24 | CANYON, TEXAS | THURSDAY, SEPT. 12, 1974 | 12 PAGES | 15 CENTS

Drilling Begins On Wildcat Well Here

Expanding efforts to locate new sources of petroleum for American motorists and industry extended into Randall County last week as drilling began on a gas well about 15 miles northeast of Canyon.

It was only the second well in the last 10 years established in the county to pierce the Palo Duro Basin, an underground formation similar in structure to the petroleum-rich Anadarko Basin of northeast Texas and Western Oklahoma.

Pan Eastern Exploration Co. of Oklahoma City is drilling the well on property owned by Dr. George Powers several miles east of the Camp Don Harrington area. The wildcat well will go to a depth of about 8200 feet.

Completion of drilling is expected in about 30 days.

Jay Hunt, a spokesman for the exploration company, said the well is the first for his company in Randall County and one of the first for the company in the area south of Amarillo. The company has primarily concentrated in the past on drilling activities in the Anadarko Basin under Hemphill County in Texas and in Western Oklahoma.

He said the fuel shortage which gained visibility last fall has spawned new interest in increased drilling activity, particularly in locations heretofore untapped.

"We've been looking at many different areas for drilling prospects," he said, "and we came up with this prospect. It looked like there was a chance."

Hunt said his firm's drilling activity has been greatly increased in the expanding search for petroleum reserves.

"We're looking for gas, basically," Hunt said. "We're not really sure that's a gas area, but it's being drilled as a gas wildcat."

Hunt confirmed that Pan Eastern has also obtained leases on other property surrounding the current exploration effort.

"If this makes a well, we'll be drilling some additional wells," he said.

Activity to search for oil and gas in the Palo Duro Basin has increased on a wildcat basis during recent months. During the summer, another company began drilling west of Hereford in Deaf Smith County.

Most of the drilling activity in the Palo Duro Basin, which geologists say is much akin the Anadarko Basin, has been of the rank wildcat variety.

Dr. James Underwood, professor of geology at West Texas State University, told The News recently that the limited wildcat drilling activity in the Palo Duro Basin has

(See WELL, page 5)

A Randall County farmer takes advantage of 90-degree sunshiny weather this week to continue planting a winter wheat crop. An acreage expected to total more than the record acres planted in 1972 is now going in the ground in the county after plentiful rains during late August.

County Plan To Trade Tax Data Gains Approval

An effort by Randall County to join loosely with other taxing entities in the county to assure equitable property assessments for taxpayers has met with support and promises of cooperation here.

Supt. of Schools Jerry Jacobs and City Manager George Loudder expressed approval this week of a plan presented recently by county commissioners for formation of an ad hoc committee to study ways to improve tax valuation assessments throughout the county.

Jacobs said he's reasonably sure the Canyon school board will appoint a committee to work with a similar committee appointed recently by County Judge Woody Pond toward the goal of establishing taxing programs which are more equitable to taxpayers in the county's four taxing jurisdictions.

Loudder said he's yet to be approached by commissioners concerning formation of such a committee, but said he'd support the concept.

Pond recently appointed Jim Fletcher and John Fulgenzi as a committee from the county commissioners court to work with representatives from the City of Canyon and the School district to try to work out exchange of information and a mechanism for trying to ensure that a taxpayer's property is valued evenly by all taxing entities within the county.

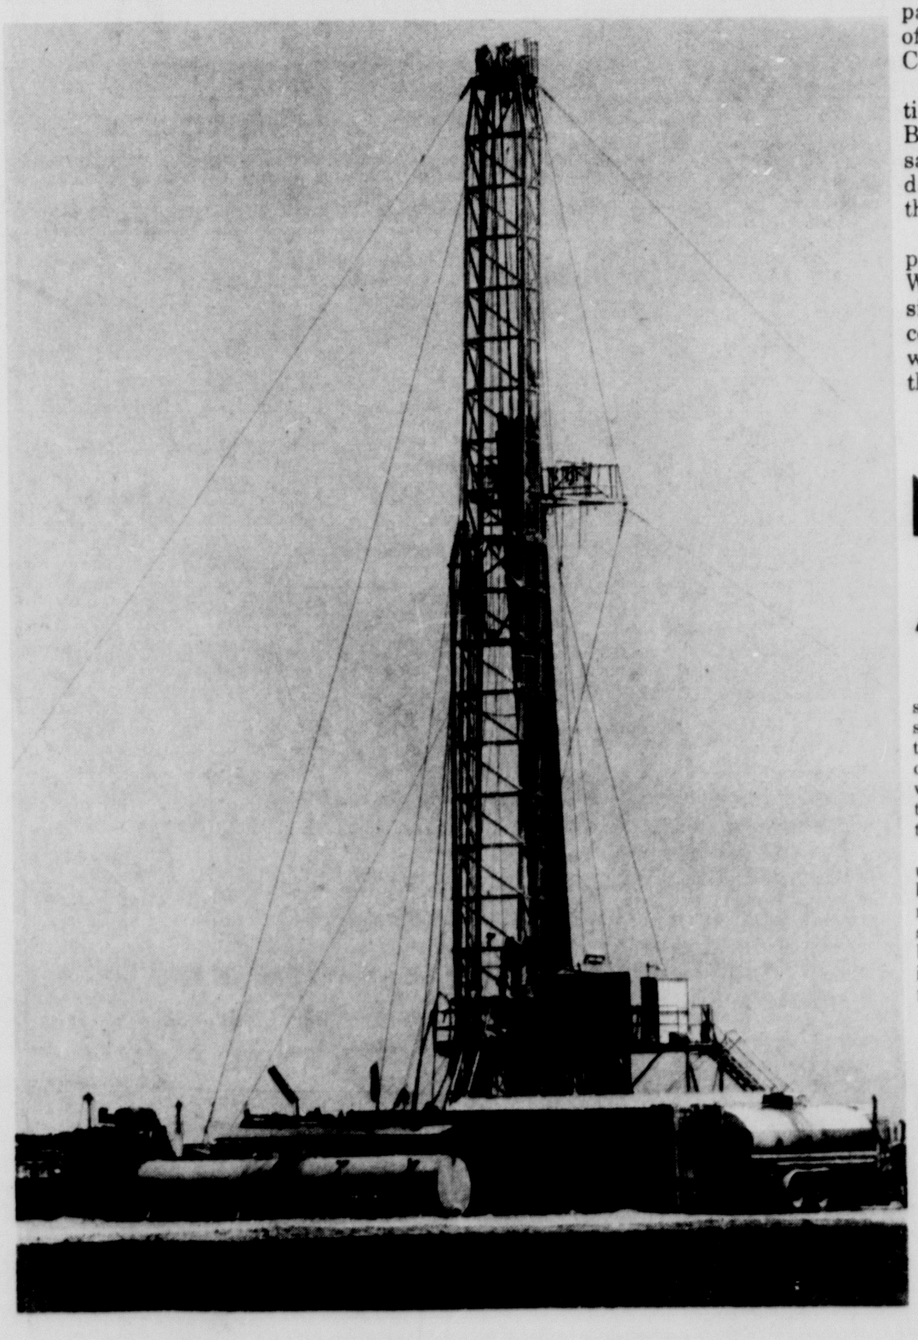
He said this week he believes the jurisdictions within the county should work toward the goal of using the same valuation on property in the county.

For example, he noted that currently a man's property might be on the tax rolls in the joint school-city tax office at one valuation and might be on the county rolls at an altogether different valuation.

Formation of the committee might bring some standardization as well as some exchange of information to the tax offices to the benefit of the taxpayer.

Pond's proposal is much akin

(See COUNTY, page 5)



A drilling rig has gone up above the landscape about 15 miles northeast of Canyon on land owned by Dr. George Powers. Pan Eastern Exploration Co. of Oklahoma City is drilling a well on the property in an effort to find gas. The company also holds other leases in the general area.

Amarillo Women's Caucus Gives Support To Mrs. Strain's Fight

Public support for Mrs. Marguerite Strain, a city employee who's fighting a state retirement system she says discriminates against women, was voiced Tuesday night by members of the High Plains Women's Political Caucus at an Amarillo meeting.

Members of the caucus will inform their state organization, headquartered in Austin, of Mrs. Strain's fight, and will also call upon Sarah Weddington, a downstate politician who led a U.S. Supreme Court fight to strike down state abortion laws, for help for Mrs. Strain.

They also indicated they will contact the American Civil Liberties Union for possible support of Mrs. Strain's case against the Texas Municipal Retirement System.

Claudia Stravato, member of the women's caucus and chairman of the Amarillo Republican Women, outlined Mrs. Strain's plight during the Tuesday session, but said the action which can be taken by the caucus on her behalf is limited.

"I admire her very much because she's willing to take up the spire," Mrs. Stravato said.

But, she said the caucus has no funds which it might use to help her prepare a court case against the municipal retirement system. She suggested the local caucus call upon its state organization to apply pressure to the TMRS in efforts to have it change its benefit system. And, she suggested a call upon Mrs. Weddington for possible help.

Mrs. Stravato lamented the fact that area and state news media have not told the story of Mrs. Strain and her battle against the TMRS and said many other women in positions in city and county government probably are unaware of the alleged discrimination inherent in the TMRS benefit system.

The federal Equal Employment Opportunity Commission has decided the TMRS system is discriminatory and has asked the TMRS to come to the negotiating table to work out a solution. Dean Gorham, executive director of the system, has refused, declaring he'd prefer a lawsuit be filed to clear up the situation.

Mrs. Strain has contended that she must work five years longer than a male city employee to receive benefits equal to those he would receive. The TMRS system is based on actuary tables, which are based on the alleged fact that women live five years longer than men on the average.

The EEOC has said in its decision for Mrs. Strain that average life-span of a group of employees cannot be used as a basis for figuring retirement benefits.

(See FIGHT, page 5)

Industrial Development Hampered By State Law

They call them industrial revenue bonds, and in New Mexico, Oklahoma and 42 other states they're a big boost to industrial development.

But for a Texas constitutional prohibition against the issuance of industrial revenue bonds, Canyon might have a fighting chance in the competitive business of wooing industry.

And, says City Manager George Loudder, things don't look good for the prospect that prohibition might be dropped.

Loudder returned from Austin last week end after a two-day session on a Texas Municipal League committee studying legislation which is likely to come up when the legislature meets in January. He said it appears the TML will continue its stance against an easing of the strictures on issuance of industrial revenue bonds.

Nevertheless, he fought for a change in the League's position during his Austin trip, realizing the benefits such a change might have for Canyon in its quest for new industry.

Loudder said opposition to allowing issuance of such bonds stems mainly from larger cities and cities planted along the coastal areas of the state, cities which historically are not competing on a direct basis with adjoining states for industry.

Smaller cities and cities in close proximity of New Mexico and Oklahoma support a change in the state's basic charter to allow for issuance of the bonds.

While other factors may have been involved also, city officials point out that Canyon recently lost an industrial prospect to a New Mexico city which offered to issue industrial revenue bonds to help finance the industry's initial investment.

Loudder said the issuance of industrial revenue bonds is a most equitable way of handling the kind of investment many industries require before they'll locate in a city. That investment

(See LAW, page 5)

Board Sets New Rules For Races

New rules which will hopefully eliminate professional bicycle racers from the field for the Canyon Little 500 Bicycle Races will be put into effect for the annual races here on Oct. 12.

Directors of the Canyon Chamber of Commerce Monday night set the date for the event and also decided to restrict competitors in the races to Canyon residents and West Texas State University students.

In the past two years, the race has been won by a racing team from Amarillo, a team which races in events in other Texas cities.

This year's race day will not include a bicycle safety rodeo as in the past, but a poster contest will be held by the women's division of the chamber.

The Canyon Police Department will co-sponsor the bike races along with the chamber this year, and city policemen are expected to make special appearances in the schools here to speak on bicycle safety.

The line-up of races will be comparable to past years for the afternoon Little 500 events.

John Childs, chamber president, said girls races will also be held for each age group this year.

The big race, an open relay for 100 laps around the courthouse square, will highlight the day.

In other business Monday night, chamber directors changed their minds again and decided to invite a speaker to their annual chamber banquet, tentatively scheduled for Feb. 15.

In past meetings, the board had decided not to have a speaker at the banquet, but only to have various types of entertainment.

(See RACES, page 5)

No Tax Hike Voted By County As They Okay Another Deficit

Randall County commissioners passed another in a long series of deficit budgets Monday, this one for 1975, but assured county residents of another year without a county tax increase as they declined to hike the tax rate to make up the shortages.

Commissioners opted to make up the $7000 deficit in their 1975 budget proposal through another raid on their diminishing surplus, built up during the 1960s but depleted by deficit budgets instituted over the past four to five years.

The deficit anticipated for 1975 is much less than the deficit commissioners anticipate they will have had in the 1974 budget at year's end on Dec. 31.

Commissioners gave tentative approval to a $1.3 million 1975 budget during their Monday meeting and also voted to keep tax rates at the level originally voted in 1971. The tax rate for 1975 tax collections will be $1.05 per $100 on 17 per cent of valuation.

Public hearing for the budget before final approval of the document will be Sept. 23.

County Judge Woody Pond told commissioners he feels the income estimates in the budget represent "safe" projections.

The budget calls for receipts to total $1,355,569 and for expenditures to total $1,363,387.

The county is projected to begin fiscal 1975 with a surplus of $286,520. That surplus will be depleted by about $7000 during the year and a surplus of $278,702 is anticipated at the end of the year.

An amended budget estimate for 1974, the current year of operation for the county, projects a depletion of that surplus from a January 1 level of $371,540 to a Jan. 1, 1975 level of $286,520, a loss of nearly $100,000 for use in operating expenses. The deficit projected in the amended budget is much higher than the deficit originally built into the budget by commissioners last year when preparing the current budget.

Under the current estimate of the 1974 budget, the county is expected to take in $1,276,177 in revenue and is expected to spend $1,361,197.

The county's taxes and the operation of the county tax office were subjects for a lengthy discussion during Monday's commission session as Marion Bruce, Randall County Democratic chairman, met with commis-

The danger to his personality from the associates with whom a motorcycle throws him is greater than the real and great danger of physical destruction.

U.S. 60 Construction To Close 15th St.

Hunsley Hills will become a virtual island Monday when Texas Highway Department workmen close 15th Street to begin another part of their months-long construction project to route U.S. 60 under the thoroughfare.

Donald Day, THD resident engineer in Canyon, said 15th Street, which links Canyon with Hunsley Hills addition spanning U.S. 60, will be closed for the project and will be reopened when the project is completed around April 15.

At the same time the street is closed, traffic on U.S. 60 will be routed from the four-lane highway and onto recently completed access roads so construction may begin on an underpass which will carry the highway under 15th Street.

Day said the highway traffic which is east-bound will be routed onto the south frontage road and the west-bound traffic will be routed onto the north frontage road. Both frontage roads will be

(See CLOSE, page 5)

by Troy Martin FROM THE CANYON RIM

Gerald Ford may be trying too hard to be all things to all people.

I am sure Ford was under extreme pressure to grant a pardon to former President Richard Nixon. Then the cry went up, if a pardon is granted Nixon then why not pardon all Watergate participants?

My question is: If all Watergate participants are pardoned why not pardon the Vietnam draft dodgers and deserters?

This is supposedly a land of justice so why not open the doors of penitentiaries all over the country and let loose ALL the felons?

The argument that the Nixon family, the Colson family or the McGruder family has suffered enough is rubbish. Families of every man I have ever seen in the prisoner's dock have suffered much more than the man on trial.

Probably no one ever suffered more mental anguish than the mothers of Jesse James or Pretty Boy Floyd, both notorious outlaws.

If presidential pardon is the due of every crook whose family has suffered, then we need one president to do nothing but write out pardons.

I agree that I would not have liked seeing a president, any president, go to prison for any crime with the exception of high treason.

I too question President Ford's timing. But then, the American people, myself included, are cannibals where our presidents are concerned. We no sooner install a president than we begin to devour him.

I frankly do not understand why anyone would want the office or even agree to accept it.

* * *

Ted Kennedy was rotten tomatoed this week in the old Kennedy stronghold at Boston. Teddy was the target of flying catsup because of his position on busing. He's for it.

Speaking of justice, the Kennedys seem to be for that too, for everyone except themselves. Teddy has never answered to justice in the death of Mary Joe Kopechne.

Obstructing justice?

Kennedy was successful in preventing even an autopsy of the victim who the senator deserted and went to his hotel for a good night's sleep before even notifying authorities that a girl had been drowned in an auto which he had driven into a slough off Chappaquidick.

How about the senate of these United States which allowed this profile in courage to keep his seat in their chamber?

This aspirant to the presidency — this self-avowed coward who callously walked away and actually slept while a young girl lay dead at his hands — has a lot more rotten about him than the spattering of a few over-ripe tomatoes hurled by a mob.

* * *

It is obvious that none of the members of the jury which gave an armed robber 10 years probation here Monday have ever been on the wrong end of a pistol.

I hope that if the robber they turned loose on the public decides to rob again, justice is served by him picking a member of that jury.

Maybe he won't do it again but odds are he will. If he doesn't, I'm wrong. If he does the position of myself and the district attorney, who asked for jail time, is correct.

Number Of Court Cases Down

The annual report of the Texas Civil Judicial Council, released today in Austin, shows that the number of cases filed in the Randall County district courts during 1973 was 1 per cent less than the number filed in 1972.

Cases filed during the last calendar year totaled 961, including 101 criminal and 860 civil.

Judge E. E. Jordan of the 47th District Court and Judge Don Dean of the 181st District Court have jurisdiction in Randall County.

The local district courts disposed of 986 cases during 1973, 68 per cent of the cases filed during the year or carried over from 1972. At the end of the year, 471 cases were pending on the docket.

According to the Texas Civil Judicial Council report for 1973, statewide the 254 district, domestic relations and special juvenile courts experienced a 6 per cent increase in filings during 1973 — to 296,548 cases from 280,971 in 1972. Twenty-six per cent of these were criminal cases.

These state courts disposed of 49 per cent of the total cases filed in 1973 or carried over from 1972. The defendant entered a guilty plea in 47 per cent of the criminal cases disposed of. In the cases disposed of by a jury verdict, 80 per cent of the defendants were found guilty and 20 per cent acquitted.

For the last 40 years the Texas Civil Judicial Council has been collecting information concerning caseloads for the district and appellate courts. Beginning in 1973, the Council has expanded its data collection activities by gathering and publishing statistics on caseloads of county, municipal and justice of the peace courts. An interim report on the activities of these courts will be published later in the year.

Deadline Near For Voter Registration

The deadline for registering to vote and for notification of change of address for voter registration is nearing, according to Mrs. Audrey Bruse, tax assessor-collector here.

Mrs. Bruse said the deadline is Oct. 5 for new residents who wish to register to vote or for residents who have moved to notify her office of new addresses.

The October date is the deadline for those who wish to vote in the November general election.

Any registered voter who has moved since first registering to vote should take his voter registration certificate to the local tax office in the downtown courthouse and submit an address change.

McAlpin Can Now Register Men For Military Draft

Canyon High School male students can now register for the draft without leaving the school campus.

W. V. McAlpin, assistant principal, has been named a volunteer registrar for the county and the Selective Service Board No. 18 of Amarillo.

As registrar, McAlpin will assist Randall County men who've reached their 18th birthdays to register for the draft. The registration period falls 30 days before or after a man reaches the age of 18.

Trees Flower In Fall Here

The buds are opening in September, not particularly an unusual phenomenon, according to County Agent John Brazzil.

Many fruit trees in the city displayed their usual spring foliage this week after an unusually cool stint of weather.

Brazzil said the flowering of the fruit trees was not unusual due to the long dry spell of the summer months and the extended cool spell this fall.

Fortunately, he said, the early budding will have no effect on the trees' efforts this next spring.

"These are just secondary buds," the county agent said. "It won't affect the spring bloom."

VOE Program Changed To Offer Half Units

The Vocational Office Education program has been changed this year to include a one-half unit of the program as a two hour Pre-Employment Office (POE) Laboratory for junior students only.

In the Pre-Employment Office laboratory students are trained for skills needed in the business world their senior year. The Cooperative Office Education (COE) class includes seniors who receive individualized classroom instruction and work one-half day.

The Conjunctive Club organization for Office Education Association (OEA) held their first meeting Tuesday with the following officers being elected for 1974-75: Charlyne Moulton, President for COE; Doris Brazzil, vice president from POE; Dana Tow, secretary from COE; Debbie Taylor, treasurer from COE; Brenda Glenn, assistant treasurer from POE; Nickie Abbott, reporter from POE; Jo Elyn Zeigler, historian from COE; and Cathy Melton, assistant historian from COE. Georgia Lee is sponsor for the OEA group.

Cafeteria Menu

CANYON JUNIOR HIGH AND HIGH SCHOOL

Monday, Sept. 16 — Chicken Fried Steak with Gravy, Creamed Potatoes, Buttered Carrots, Cabbage Slaw, Fruit Cup, Rolls, Milk.

Tuesday, Sept. 17 — Irish Stew, Corn Bread with Butter, Crackers, Cookies, Milk.

Wednesday, Sept. 18 — Corn Chip Pie, Green Beans, Tossed Salad, Strawberry Shortcake, Rolls with Butter, Milk.

Thursday, Sept. 19 — Hamburgers with Lettuce, Tomatoes, Pickles, and Onions, French Fries, Banana Pudding, Milk.

Friday, Sept. 20 — Salmon Patties with Tarter Sauce, Corn, Green Beans, Lemon Pudding, Rolls with Butter, Milk.

* * *

GENE HOWE AND REX REEVES ELEMENTARY

Monday, Sept. 16 — Macaroni and Cheese, Green Beans, Beet Pickles, Fruit Jello, Bread with Butter, Milk.

Tuesday, Sept. 17 — Tacos, Baked Beans, Carrott Sticks, Cobbler, Milk.

Wednesday, Sept. 18 — Turkey and Rice, June Peas, Celery Sticks, Fruit, Bread with Butter, Milk.

Thursday, Sept. 19 — Hamburgers with Lettuce and Tomatoes, Tri-Cuts, Chocolate Pudding, Milk.

Friday, Sept. 20 — Meat Casserole, Buttered Corn, Carrot Stick, 1/2 an Orange, Milk.

Early Dismissal Monday

Canyon schools will be dismissed early Monday due to the beginning of the Tri-State Fair. School will be dismissed at 2:30 p.m.

Free admission tickets will be given to all children in the schools.

News Brief

Directors of the Randall County Farm Bureau will meet at 8 p.m. today in the Farm Bureau Building for their regular meeting, according to Joe Turpin, president.

Keith Howington, 5, son of Mr. and Mrs. James Howington of Rockwell Acres Mobile Home Park, proved himself a brave son Monday, according to his grandmother, Mrs. R. H. Sims. Mrs. Sims said Keith's father fell from the rafters of a barn that day and broke his hip. Keith walked more than a half mile to call an ambulance and then walked back to the barn to await arrival of the emergency vehicle with his father. Howington is currently in Neblett Hospital for treatment of his injuries. Keith is a kindergarten student at Rex Reeves School here.

Hinders To Receive State Ag Honor

David Hinders, member of the Canyon High School FFA, has been selected to receive the State Fair of Texas Honor Award Medal at an honor award dinner to be held Friday, October 4 in the Grand Ballroom of the Sheraton-Dallas Hotel.

His parents and one of his Vocational Agriculture instructors will accompany him to Dallas. While there, they will also attend Rural Youth Day at the State Fair October 5.

Hinders is a Lone Star Farmer in Texas and is one of 10 who will receive the Honor Medal.

Hinders will be recognized on the national level in Kansas City in October for his work in the field of dairy farming.

Mr. and Mrs. K. E. Hines have returned from a three week vacation trip during which they visited in parts of Canada and covered more than 6,000 miles.

Locals Attend Funeral Rites For R.H. Ray

Several Canyon residents were in Mesquite during the weekend to attend funeral services for R. H. Ray, 76, a former resident here.

Mr. Ray lived in Canyon during his early retirement years in the 1960s. He is survived by his wife the former Mildred Taylor of Canyon; a daughter, Barbara, of Bryan, Texas, and three grand children.

Attending the services from here were Florence Stephenson, Mr. and Mrs. R. T. Furlow, B. C. Taylor and former Canyon residents, Mary Bailey of Ramona, Calif. and her son, Jerry Bailey and wife, Mary, of Amarillo.

Dirt work preceding construction of a new city hall for Canyon began early this week as the first visible construction work at the site, 16th Street and 3rd Avenue. Contractor Page & Wirtz of Amarillo has about 400 more days to complete construction of the new building. City commissioners okayed payment of $15,000 in certificates of obligation to the contractor Monday night for the work already completed.

Scholarship Available

Applications for the 1975 Marshall Scholarship are now available in the office of Dean David Wheeler, West Texas State University Graduate School.

Applicants must possess baccalaureate degree from an accredited college or university, and be a citizen of the United States, Wheeler noted. No applicant can be older than 25, and unmarried ones are preferred.

This scholarship, worth approximately $3600 a year, is to one of 44 British universities and is for two years. The awardee selects his field of study. Four scholarships are awarded in each of five regions of the United States, while ten are "scholarships at large."

Criterion for selection, according to the Marshall Scholarship notice, are "distinction of intellect and character as evidenced both by scholastic attainments and by other activities and achievements."

Applications must be postmarked by October 22.

Fire Truck Being Painted

By DORIS McKEE

WARM DAYS AND cool nights are still very pleasant, but fall is really trying to creep up on us.

* * *

IT IS OUR deepest sympathy we extend to the Jon Hoffman's of Siesta and the Carlos Cantrell's of Elsmore, Kansas due to the death of Mr. T. J. Cantrell of Waldron, Kansas.

Jon and Diana Hoffman returned Monday afternoon late from Kansas, and received a call shortly that her father Mr. Carlos Cantrell had been put in the hospital that afternoon with a back problem. They don't have many details yet but it may possibly be a ruptured disc. We are very sorry to hear this.

* * *

THE VOLUNTEER FIRE Department sanded the fire truck on Sunday afternoon and it is now ready to be painted. We wish to thank the men and boys who gave their time and effort to doing this.

We are planning to have an Open House with a covered dish supper when the truck is painted and the signs are on it. Will keep you posted on this progress.

* * *

WE HAVE SEVERAL boys here in the park who play Kids, Inc. football at Gene Howe. Some of them are: Roger Robertson, Shannon Jones, Mickey Bays, Paul Qualles and Tod McKee.

I can hardly wait until they get started playing the games. It is exceptionally cute to see these little guys put their hearts into it. Go get 'em guys, we'll be rooting for you all the way.

* * *

THE LADIES AUXILIARY will hold business meetings on the 1st and 3rd Tuesday nights of each month. The other Tuesdays will be social get togethers for any and all who wish to come.

We are also going to have exercise classes on Mondays and Thursdays from 8 p.m. to 9 p.m. each week, at the recreation building. If you are interested come on down and join in the fun.

* * *

THE AUXILIARY IS working on a garage sale to raise funds for some equipment for the fire truck. The sale will be held on the 21st and 22nd of September. Anyone who has things they would like to donate to the sale, you can call 353-3879 or 355-4133 and we will make arrangements to get it. We will appreciate anything you can or will donate. Will write more about the progress of this next week.

Also we are in the talk stage of putting together a Halloween carnival for the kids here in the park. More on this later.

* * *

THE AUXILIARY HAS some Fire Extinguishers to sell. If you want one you can contact any member. They sell for $4.25 each.

I would like to give a list of the Auxiliary officers, so if you have any questions or suggestions for us you can contact any of them. They are: Pat Reed, president, 355-3863; Norma Weeter, vice president, 353-1913; Doris McKee, secretary, 355-4133; Pearl West, treasurer, 353-3879.

* * *

DON'T KNOW HOW many of you know the names and positions of the people who are associated with running the park. First off the owner of the park is Jack Huddleston and his mother, Mrs. Morse Huddleston handles the rental office. The general manager is R. T. Reeves and the assistant park manager is Jon Hoffman.

Did you know that Siesta has rent trailers? Up until recently they had five but they have added six new ones and have six more on order. They are pretty convenient for WT students, so come on out and maybe they'll have just what you want or need.

We got some new neighbors this weekend. Albert and Katie Rinne bought the lot north of us. He works for Santa Fe and she goes to WT. They have two daughters, Davia and Kathie. Both attend Gene Howe and are in the 6th and 3rd grades. Welcome and we hope you'll be happy over here.

* * *

SIESTA IS SPONSORING a bowling team this year. It consists of Norma Weeter, JoAnn Pingel and Johnnie Robertson. They bowl on Tuesday mornings at Western Bowl. Good luck, girls.

* * *

FAYE RISNER'S MOTHER, Mrs. C. A. Dodson of Canyon is in the Neblett Hospital. We hope she will soon be well and home again.

* * *

CONGRATULATIONS TO MR. and Mrs. Joe Dale Stewart of 107 La Fiesta on the birth of a son. They have two older daughters.

* * *

THE RON PINGEL'S went to Lajunta, Colorado over Labor Day weekend to visit JoAnn's grandmother.

* * *

SHARON FLEMMING AND her mother, Mrs. Oleta Potter went to Las Vegas for a few days this past week. Bet that was really a fun time. Also Mrs. Susie Singleton, Oleta's mother flew to San Angelo to spend a few days with her sister.

* * *

EUNICE AND BARNEY Rinehart had a very nice Sunday. It seems that Tom McWilliams, Jr. (their grandson) and his family came early Sunday morning and had breakfast and lunch. In the afternoon Mr. and Mrs. Tom McWilliams, Sr. and Mark came out for ice cream. Then they ended the day with their son Bob Rinehart coming out for dinner and a visit. All are from Amarillo. That really sounds like a great way to spend a Sunday.

* * *

MY MOTHER, ETHEL M. Weaver of Lubbock sneaked in on us this weekend. She just couldn't stay away since Saturday was my daughter, DeAnn's fourth birthday. I decided not to have a big party, so we took some friends, Mike, Vicki and Joan Barnett of Amarillo and my son, Tod, took Shannon Jones with him and we went to Wonderland for the afternoon.

It is amazing how much get-up-and-go the little ones still had after three hours of rides. Us moms were dragging and glad to see the evening come to an end. Won't have to worry about the fifth for a whole year now.

* * *

TIME TO GO for now so will leave you with a thought for the week, "If you like rainbows, Smile a lot."

Doris McKee 355-4133

℞

VALIUM

Valium and Alcohol are Blood Enemies!

If one is in your blood, be sure that the other is not.

Not even a "little drink" is entirely safe, depending on other factors or conditions that may be present in your blood.

Other medicines, too, could affect or be affected by Valium. Why not ask your doctor of pharmacist—just to be sure your blood does not become a "battle-field" between antagonistic drugs.

Former Resident Dies In California

Leroy Wesley, 64, of Patterson, Calif., died Sept. 3. Mr. Wesley was born in Swisher County and raised in the Randall County area where he was known as "Cowboy" Wesley.

Mr. Wesley is survived by two brothers, Gus at Plainview, and Carl at Gallup, N.M. and three sisters; Fern, Fawn and Bertha at Patterson, Calif. Others related from this area include stepbrothers and stepsisters, Carl Rogers, Bessie Davis, and Beulah McCoy, all of Canyon, Joe Rogers of Wayside, Eula Franklin of Amarillo, and Jim Rogers of Patterson, Calif.

Writing Sought By G. Schaeffer

Clippings or other writings by the late George "Farmer" Schaeffer are being sought here for possible compilation into a book or booklet.

E. E. Plank and County Agent John Brazzil are seeking the poetry, essays or letters to the editor of the late Schaeffer, who became famous for his prose and poetry.

"We're looking for anything he wrote," Plank said.

He promised anything sent he or Brazzil would be returned in good condition after copying.

Those willing to allow the two to use their copies contact either Plank or Brazzil.

Son's Birth Announced

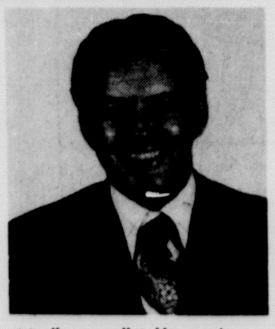
Mr. and Mrs. Richard Rendon of 2523 9th Avenue, Apt. 23, Canyon announce the birth of a son, Soledad, who arrived August 31 at Neblett Memorial Hospital in Canyon weighing 6 pounds, 7 ounces and measuring 19½ inches in length.

The infant's father is a junior student at West Texas State University majoring in physical education and history.

Maternal grandparents are Mr. and Mrs. Antonio B. Flores of Ralls and the paternal grandparents are Mr. and Mrs. Saturino G. Rendon of Denver City, Texas.

REVIVAL SERVICES SCHEDULED

Rev. George Bollinger of Houston, Texas will be in Faith Chapel 27th and 4th avenue, Sept. 15 thru Sept. 25 in an evangelistic campaign.



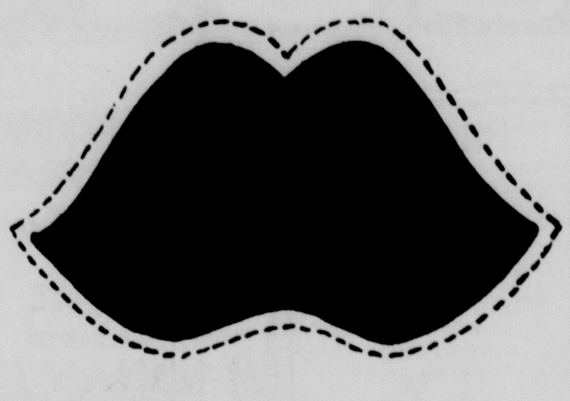
George Bollinger is a rare combination of an up-to-date, relevant, sawdust-trail evangelist. He speaks a great deal on God's miracle working power and the happenings of this end-time we are living in. His ministry has been filled with a great variety of evangelistic efforts, from teaching in a Bible school in Baxter Sprints, Kansas, directing a youth camp, serving for many years as president of Full Gospel Evangelistic Association, and currently serving on the missions board of that group, and helping to found the Midwest Bible Institute of Houston, Texas.

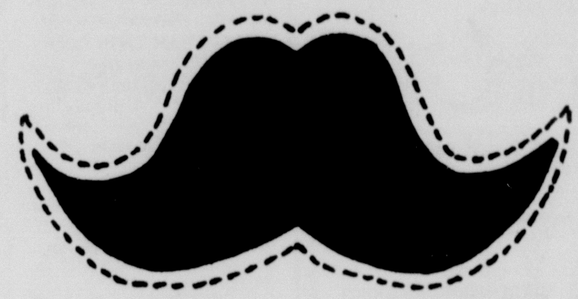
The Bollingers have spent a number of years in pastoral work as well as evangelism, so his perspective of the various aspects of Christian service enables him to be a well-rounded speaker. His pastorates have been in Houston, Texas, Spearman, Texas, and Fayetteville, Ark. His constant search for souls has taken him to Guatemala, El Salvador, Bermuda, Mexico and Puerto Rico, but he was born and raised in the sand-hills of South Central Texas, and his prayers is that he might identify with the people and thru God, meet their needs.

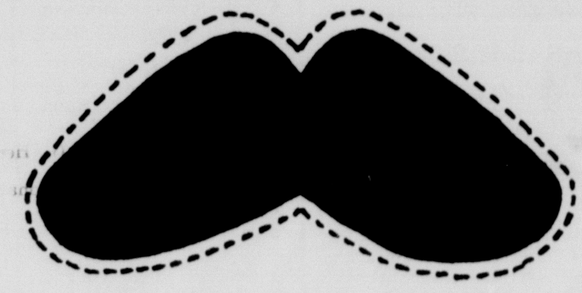
Old time religion with class. . .this is George Bollinger. He lives to share Christ with enthusiasm, joy and conviction.

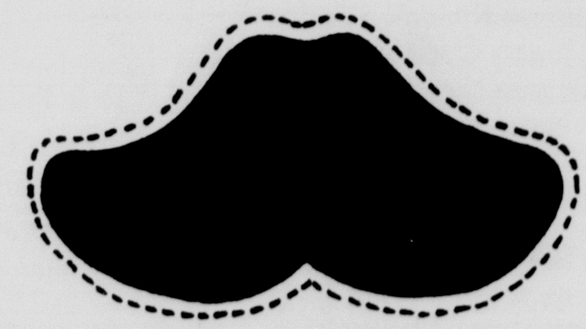
Services will begin promptly at 7:30 weekday nights and Sunday service will be at 11 A.M. And 7 P.M. Pastor Ron Martin Urges You To Attend Any Or All Of These Meetings.

Go ahead, try one on!









Have fun with these five quick disguises.

We don't disguise the fact First National Bank in Canyon wants your banking business. Come see us today.

THE STATE OF TEXAS
TO: MARJORIE DARLENE HAND

GREETING: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 14th day of October, A.D., 1974, at or before 10 o'clock A.M., before the Honorable 181st District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 23rd day of August, 1974.

The file number of said suit being No. 13,841-B.

The names of the parties in said suit are: IN THE MATTER OF THE MARRIAGE OF ALONZO CLAYTON HAND AND MARJORIE DARLENE HAND.

The nature of said suit being substantially as follows, to wit:

Suit for divorce, as is more fully described in the petition now on file.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 26th day of August A.D., 1974.

Given under my hand and seal of said Court, at office in Canyon, Texas, this the 26th day of August A.D., 1974.

LaQuitta Polvadore, Clerk
181st District Court
Randall County, Texas
by Nell Haws, Deputy
4tc22

NOTICE TO BIDDERS

The City of Canyon is accepting bids on two new 1975 police cars. Detailed specifications may be obtained in the office of the City Clerk. Bids must be returned to the City Clerk's office no later than 5:00 p.m. September 23, 1974.

Bids will be publicly opened by the City Commission and read aloud at 7:00 p.m. September 23, 1974 at the Canyon Community Center.

George Loudder
City Manager
2tc24

Notice is hereby given that the City Commission of the City of Canyon, Texas, will hold a public hearing on the request of Frank Morgan for a change in zoning of property in the Southwest quadrant of town. A copy of the application is available for review at City Hall. The hearing will be held at 7:00 P.M., September 23, 1974, at the Canyon Community Center, 300 16th Street.

Cathy Rapp
Acting City Clerk
1tc24

NOTICE OF PUBLIC HEARING

A public hearing will be held on the proposed budget for Randall County for 1975 in the Commissioners Courtroom, Randall County Courthouse, Canyon, Texas, on September 23, 1974, at 2:00 P.M.

Betty Hodges
County Auditor
1tc24

Well. . .

(Continued from Page 1)

not produced enough data to enable researchers to make accurate predictions about the abundance or absence of petroleum under the area south of Amarillo.

But, he said, there is no reason to believe the Palo Duro Basin could not hold some petroleum resources.

Shell Oil Co. was the last firm to drill a wildcat in Randall County. Their attempt was about six years ago on land just east of Canyon on property owned by Dr. Charles Nester.

The wildcat was shut down when no petroleum was found, however.

In recent months, County Clerk LeRoy Hutton has reported increased activity among oil company representatives in the filing of oil lease agreements in his office. Much of the land in the northeast and northwest portion of the county has been contracted for oil lease purposes by companies recently.

Races. . .

(Continued from Page 1)

No speaker has yet accepted an invitation to speak at the banquet.

A membership breakfast for chamber members was scheduled by directors for the morning of Oct. 10.

Childs reported on the status of sales of the Randall County commemorative coins and said sales are proceeding. Currently, the chamber has only two gold plated coins in stock and a handful of silver coins. The coins, minted by the chamber, feature the picture of the famous Lighthouse rock formation in Palo Duro Canyon on one side and a picture of a cowboy and longhorn steer on the reverse. The coins are available at the chamber office. Order blanks for the coins are available at various business locations in the city.

Close. . .

(Continued from Page 1)

one-way.

Hunsley Hills residents who wish to come into Canyon will have to get on the frontage road at the 15th Street intersection and travel west to the VFW Road where they can cross U.S. 60. Or, they may exit their addition by way of Hunsley Road and come into Canyon on U.S. 87.

At the Hunsley Road intersection with the U.S. 87 frontage roads, the frontage roads will become two-way rather than one-way.

During the time 15th Street is closed to thru traffic, highway department workmen will be removing 200,000 cubic yards of dirt so U.S. 60 may pass under the street. The highway will go under 15th Street at a depth of about 25 feet, according to Day.

Once the dirt is removed and sides of the U.S. 60 ditch are braced with concrete, a new 15th Street will be constructed to span the highway.

Upon completion, 15th Street traffic will not have to cross busy U.S. 60. In the past the intersection has been the scene of several serious accidents.

Further information may be obtained from Day at 655-4401.

County. . .

to proposals which have been floating around the state recently calling for equalization of valuations. One such proposal has been that only one taxing authority in a county be allowed to set a property valuation while all other taxing jurisdictions use that valuation as the basis for tax assessment.

Jacobs said he feels the school board would be receptive to the Pond proposal.

He said he hopes such a committee could work out standards so appraisal techniques would be more closely aligned with the ultimate goal a closer alignment of valuations on the books of each tax office.

"It makes a lot of sense to me if we're both close to the same 100 percent value on the same piece of property," he said.

Loudder, who said he could not speak for the mayor or city commissioners, said any move to standardize methods so as to equalize the valuations would be a big advantage to taxpayers in the county.

Fight. . .

(Continued from Page 1)

Mrs. Strain said last week she will not retire her position as bookkeeper at city hall here as scheduled in early October. She said whe wants to wait until some final resolution is made in her complaint.

Mrs. Strain, 65, has worked for the city almost 30 years.

Tax. . .

(Continued from Page 1)

sioners. Bruce attacked the operation of the tax office during an August meeting of the county tax equalization board, but took another approach during the Monday meeting.

Bruce called on commissioners to join with other taxing entities in the county to bring the county's tax records up to date. He was told by Pond that a committee of commissioners is currently making plans to do just that.

The county political leader's comments to commissioners were tape recorded by County Clerk LeRoy Hutton, apparently on the orders of commissioners. It is rare for Hutton to bring his tape recorder to commission meetings.

In other business, commissioners met with Art Vaughan, Amarillo architect, to review drawings for construction of a proposed new South Amarillo courthouse annex.

Vaughan indicated to commissioners he'd cut costs in the construction project in several areas, including parking spaces, outside lighting and inside partitions.

State law prohibits the county from constructing an annex to house anything but an office for the tax assessor-collector. Original plans by Vaughan had included sheriff's deputies offices and other offices.

Vaughan's efforts to cut costs were in the wake of opening of bids last month for construction of the building. Bids totalled well over double the amount commissioners had said they would spend to build the annex. Bids were near the $650,000 mark, while commissioners have said they'd spend about $300,000 to build the annex.

Vaughan said bids could be opened for construction of the new concept on Oct. 15 or later.

Following their regular session Monday, commissioners went into executive session with Mrs. Audrey Bruse, tax assessor-collector, to discuss personnel, according to the published agenda. The session lasted about 30 minutes and commissioners made no comment about the session when they reconvened to adjourn.

Law. . .

(Continued from Page 1)

often includes utility hook-ups and sometimes a land donation and even a building.

"We need some mechanism in Texas so that such things as industrial parks can be developed," Loudder said. "We have no such means available now."

Currently, the only means available to Canyon to woo industry on a par with those states which can issue revenue bonds is simple and direct solicitation for funds from local residents.

Many industries, due to the competitive situation for industry, demand from local communities such amenities as prepaid utility hook-ups and extensions, and possibly even pre-paid land and buildings.

Loudder explained that with the issuance of industrial revenue bonds, cities can put together the resources for industrial parks with the bonds paid off by revenue received by the cities from the industries. The bond payments are supported by the city tax base in case of default.

PTA Sets Fall Plans

In September the Canyon Police Department will hold a bicycle safety program and in October the WTSU Nursing Department will hold an emergency first aid course. Parents will be able to sign up during the Monday meeting.

A Wonderland Park night for PTA has been set for September 27 from 6 p.m. to 10 p.m. Tickets for the Wonderland Park night will be available soon and can be used at anytime. On September 27, 40 percent of the gate receipts will go to the Canyon PTA.

In October a Halloween Carnival will be held. In March a chili supper will be held again this year.

Accomplishments of the PTA for the past year include new playground equipment and newly painted and repaired existing equipment. Also the PTA had library helpers, bought PE supplies, put out a student year book and student directory, made individualized math sets, secured school crossing signs and got a kindergarten cross guard for the crosswalk at highway 87.

K. Donathans Tell Birth

Mr. and Mrs. Kenny Donathan of Vega announce the birth of Jenny Gay at Neblett Memorial Hospital in Canyon.

The infant weighed 4 pounds 14 ounces and measured 18 inches in length at the birth Sept. 3.

Father of the infant is owner of Donathan Ditching Service at Vega and the Donathans have an older daughter, Angeline, 1½ years old. Grandparents are Mr. and Mrs. LaVerne Schenk and Mr. and Mrs. J.A. Donathan, all of Wildorado.

Exes Seeking Alumni Honorees

West Texas Ex-Students, Inc., is presently seeking nominations for recipients of its Distinguished Alumni Awards to be presented at Homecoming on November 2, 1974. Two persons will be recognized at a brunch to be served in the East Dining Hall on the West Texas State University campus in Canyon.

The two former students to be recognized will receive unique "book-plaques" for their homes or offices, and their pictures will be engraved in bronze to hang permanently in the West Texas Alumni Association's suite of offices on the WTSU campus.

Only two requirements are to be met by those nominated for the awards. The person must have, at some time, been a student at West Texas State, and he or she must have distinguished himself in some way in his business, profession or community.

Past winners of the Distinguished Alumni Awards include: Dr. Floyd Golden of Amarillo and the late Henry Sears of Hereford, winners in 1970. Golden is President Emeritus of Eastern New Mexico University and well-known as an educator. Sears was highly respected in banking and business circles and was for many years a successful Hereford banker. B. Raymond Evans of Tulia and Raymond Thompson of Vega were the University's Distinguished Alumni in 1971. Evans was founder of Taylor-Evans Farm stores and presently serves on the WTSU Board of Regents. Thompson is in the banking business in Vega and continues to serve WT in many ways.

In 1972, Dr. Ruth Lowes of Canyon and Cloyce Box of Dallas received the honor. Dr. Lowes was a member of the WTSU Faculty for many years and is now retired. Box is a successful businessman and presently serves as president of the University's Board of Regents. Famed heart surgeon Robert DeWitt Leachman of Houston and corrosion engineer Dr. Ivy Parker of Austin were the Distinguished Alumni last year. Dr. Leachman has a successful practice in Houston and has received many honors for his medical work both in this country and abroad. Dr. Parker was one of the first women to be seen in the oil fields and has been honored for her work in combatting corrosion in oil pipelines.

Persons wishing to nominate former students for the Distinguished Alumni Awards to be presented at Homecoming this year should write to West Texas Ex-Students, Inc., Box 2833, Canyon, Texas 79016. Letters should be mailed as soon as possible and should outline the accomplishments of the person nominated and the years, if known, that he or she attended West Texas State University.

Elderly Student Sets Scholarship

You don't have to be wealthy to establish a scholarship program for deserving students.

And Mrs. Marsha Caldwell, a 71-year-old resourceful lady who is blind, spent three years and $4,000 of her hard-earned money to prove just that.

August 15th was a red-letter day for her, for it was the day of her last payment to the Educational Endowments at West Texas State University. The carefully invested money, which is part of the WT Foundation, will earn interest that will go as a scholarship to history students at WTSU. The first Marsha Caldwell Scholarship awardee will be selected by the WTSU History Department Scholarship committee for the fall of 1975.

"Any ordinary person can do it," she says. "You pay just a little at a time."

Mrs. Caldwell, now an employee of the university, is a graduate of WT. After her husband's death, she left Channing in 1965 to later enroll at a junior college in Big Spring. It was not until 1968 that she moved to Canyon to enroll at WTSU and live in Cousins Dorm. She was 66 years old when she earned her bachelor of science degree in history, and 70 when she completed her master's.

Mrs. Caldwell has been blind since birth. "I realize I have my limits. I can't see, so I don't try."

Her limits seem to have been few. Enamored with education, she has 12 hours extra in her minor field of English, and has taken the creative writing course many times.

As she described herself in one essay, "I'm 101, minus 2, turned upside down."

For the last year, Mrs. Caldwell has worked in the office of Dr. Emmitt Smith, who is retiring at the summer, helping him in his continuing education work by doing "research, surveys and interviews." What occupied most of her time were reports on aging, and feasibility studies on offering classes to the elderly. This fall she begins work in the Learning Center of the WTSU College of Education. Her salary is paid through U.S. Department of Labor funds, sponsored through the Texas Farmer's Union, a program which assists individuals 55 years or older whose income is low.

"Why did I give the scholarship? Well, it was completely selfish. It was for my own satisfaction," Mrs. Caldwell maintains, "but I guess I wanted to help somebody go to school when they were young, because I couldn't.

"I went to school after my children," Mrs. Caldwell notes, "and graduated from their alma mater — West Texas State University." All three of her children are teachers, and hold master's degrees from WTSU. They are Mrs. Merle Dickerson of 7103 Gainsborough, Amarillo; Mr. Frank Caldwell of 3403 56th St., Lubbock; and Mrs. Doris Rojek, of 206 Furr, Hereford.

And Mrs. Caldwell, who lives in the T-Anchor Apartments in Canyon, says "I'm so happy here. Everything is wonderful."

Two Canyon Students Enroll At LCC

Two Canyon area students have enrolled in Lubbock Christian College for the fall semester 1974.

Andra Smart, daughter of Mr. and Mrs. W. L. Smart of Rt. 4, Canyon has enrolled as a sophomore business major.

Miss Smart is a 1973 graduate of Canyon High School.

Vickie Abbott, daughter of Mr. and Mrs. Joe Abbott of Box 176 in Canyon has enrolled as a freshman education major.

Miss Abbott is a 1974 graduate of Canyon High School.

Lubbock Christian College, a fully accredited senior college offering liberal arts and pre-professional programs, has a student body of more than 1100. Located on the west side of Lubbock, the College's main campus consists of fourteen modern buildings and a half-dozen temporary structures.

WTSU Dept. Has Head

A figure well-known in Panhandle education, Gene Parker of Wildorado, will assume the duties of the West Texas State University director of placement Oct. 1.

Parker, 35, is a native of Happy who holds degrees from WTSU and East Texas State University. He has also been certified as a Professional Administrator, and has served as superintendent of the Wildorado School District for the past three years.

His awards include "Outstanding Young Educator" in 1971 and "Distinguished Community Service Award" in 1972, both from the Junior Chamber of Commerce. The Amarillo television station KVII named him a "Good Guy" in education in 1972. He was also nominated for "Outstanding Teacher in Texas" in 1972, and for the Texas State Teachers Association's "Human Relations Award" in 1973.

His publications include "Small Schools are for the Individual" in the "Texas School Board Journal" in Sept., 1973; "A Quiet Place to Study" in "The Texas Outlook" in Nov., 1973; and "Texas Folklore" in "The Tennessee Folklore Bulletin" in 1968.

Wind Energy Findings Told Science Group

Dr. Vaughn Nelson, head of the West Texas State University department of physics, traveled to Austin recently to report his findings in a wind energy feasibility study to a National Science Foundation site visitation team.

"Our conclusions are as we predicted at the inception of the study in June," Nelson says. "The Panhandle is the best place for wind energy production in the United States."

Working with Nelson on the $14,000 NSF grant was Dr. Earl Gilmore, head of the Amarillo College natural sciences department. They collected data from state-wide National Weather Service reporting stations to assemble maps and charts on wind speeds and directions in Texas and adjoining areas of the bordering states.

The final report from Nelson and Gilmore will be made by Oct. 15.

Remember Folks

When you are vacationing — remember the folks back home by way of a newsy postcard or letter to The Canyon News, Box 779, 1501 5th Avenue, Canyon, Texas 79015.

Smallwood Heads Amarillo Show

The Sixth Annual High Plains Fed Beef Carcass Show will be held in Amarillo October 17-21, 1974, with Dr. Charles Smallwood, dean of school of agriculture at West Texas State University, as superintendent.

Selected for his outstanding reputation in the field, the WTSU dean brings to the show a wealth of experience, including superintendentship of many other exhibitions. Dr. Smallwood received his B.S. in 1949 at Oklahoma State and his M.S. in 1951 and PhD in 1965, both at Texas A&M.

Brazzil Seeks Goods To Show At Amarillo Fair

With the Amarillo Tri-State Fair only days away, County Agent John Brazzil has issued his annual call for local residents to loan colorful vegetables grown in Randall County for the county display at the fair.

Items which will not perish or deteriorate readily during the week-long fair which begins Sept. 16 are those most desired for the county display. In the past, items have included pumpkins, squash and other such vegetables.

Brazzil said those who wish to donate items should contact him and he will pick the items up and return them following the fair.

WIVES, ETC. entertained new university faculty members with a 'newcomers coffee' last Wednesday in the home of Mrs. Lloyd Watkins, 13 Southridge Drive. Mrs. Helen Freidell, dean of arts and sciences, is shown serving coffee for guests, Dr. Hazel Aslakson, new director of the nursing department, and Chuck Larsen of the nursing department.

District Workshop Saturday Includes Area AAUW Branches

A workshop for District I of the American Association of University Women will be held Saturday at the First Christian Church, 3001 Wolflin, Amarillo including women from AAUW branches located in Amarillo, Borger, Canyon, Dumas, Hereford, Plainview and Muleshoe.

The workshop begins with registration at 9 a.m. and Amarillo-Canyon AAUW branch members are asked to provide a salad serving eight persons along with a 50 cent registration fee. Others will have a $3 registration fee.

The workshop agenda begins with the general session at 9:30 a.m. where Mrs. Polly Orcutt, Texas Division president, will speak on "Why AAUW? Why not?" Mrs. Jo Ellen Moses, president of the Canyon AAUW branch, will be in charge of the invocation at the morning session. Also included at the general session will be Dr. Enid Bates speaking at 10:05 on "Getting Acquainted — Clarifying Goals."

A revue of their recent IFUW trip to Kyoto, Japan will be given by Dr. Ruth Lowes and Miss Louise Orr at 10:40 a.m. and the highlight of the morning session will be a talk "Legal Rights of Texas Women" to be given by Miss Karen Johnson, legal counsel for West Texas State University. Miss Johnson's topic is based on a booklet of that title which is available as a public service project through the Texas Division of AAUW and will be available at a workshop price of $1.50 per copy. The booklet is also available to the general public for $2 per copy.

Small group workshop discussions begin at 11:40 in the following areas: Media Festival of exhibits; "Liberation Now," "Women, Jobs and the Law," "Women and Education," "This Ad Insults Women," "Rapping With the Feminists," "A Call to Action for Women" and "Stop the World, We Want to Get On!"

The noon luncheon will be followed with a musical medley program "Women in Song" to be presented by Daniel K. Shaeffer of Wayland University in Plainview. After AAUW members are allowed an informal conversation time with the Texas Division President, Mrs. Polly Orcutt, at 1:30 p.m. The workshop will be dismissed at 2:30 p.m.

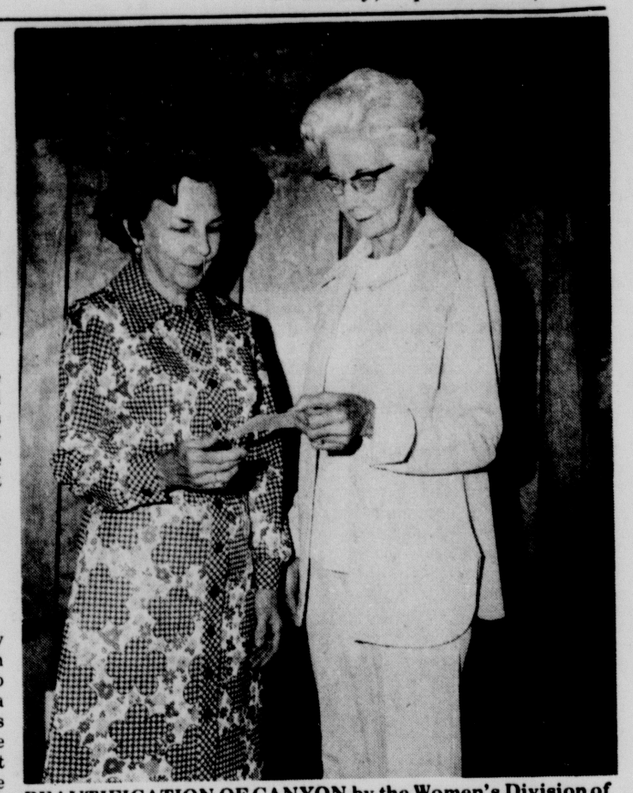
Pacific Northwestern Trip Taken By Canyon Residents

Mr. and Mrs. K. E. Hines have returned from an extended summer vacation which required 24 days travelling and seeing the sights as the Canyon couple travelled in excess of 6,000 miles.

The Hines toured the Pacific Northwest and upon leaving their home traveled through New Mexico, Colorado and Utah where they visited each state's Capitol and in Utah saw the Mormon Square to view the "world's largest pipe organ" at the Mormon Tabernacle. They also visited a Mormon Museum and then went on into Yellowstone National Park for a look at Old Faithful (which was performing on schedule). The Hines were disappointed at not seeing any bears but found the bears had been taken to high country.

They also went to the World's Fair Expo 74 at Spokane, Washington and stopped at the world's largest manmade dam (Grand Coulee) before seeing the sights of the Cascade Mountains as the couple crossed into British Columbia and across to Vancouver where they boarded a ferryboat for Victoria, B.C. The Hines saw the Parliament Building and visited the Butchart Gardens. Later they travelled to Port Angeles, Washington and Bremerton where they boarded the Battleship Missouri to Vader, Washington to visit with relatives.

Before starting the homeward trek, the Hines visited with relatives in Eugene, Oregon and then drove through the "big redwoods" in California spending the night in Colfax, California with Mrs. Hines' 94-year-old cousin. They also stopped in Reno and Carson City to view the capitol of Nevada among other sights and then returned by way of Grand Junction, Colorado for a brief visit with his brother before crossing the Monarch Pass and returning to Canyon.



BEAUTIFICATION OF CANYON by the Women's Division of the Canyon Chamber of Commerce received a $50 boost recently through a donation given by Zeta Tau Alpha Alumnae. Mrs. Bill Kent of the chamber women's division, left, accepts the check from Mrs. Hud Prichard of ZTA who was chairman for a spring ZTA Bridge Night where the funds were raised.

CANYON BRANCH OF THE American Association of University Women held a membership tea Sunday afternoon in the home of Mrs. Frank Blackburn. Pictured at the occasion are, from left, Marva Sue Delk, social chairman; Mrs. Jo Ellen Moses, chapter president; and Betty Crain, social committee member. Tea hostesses with Mesdames Blackburn, Delk and Crain were Audrey Sanders and Jo Green.

News Of Canyon's Church Life

Improvements are going on at Grace Baptist Church in Canyon with the Men's Prayer Group presently installing new roofing at the church and the Lady's Prayer Group furnishing new funds for carpeting the fellowship hall, classrooms and the main hall.

Southside Baptist Church began running their church bus again last Sunday for persons desiring transportation to the worship services. Anyone interested in using the bus transportation should call 655-4470 prior to 8:45 a.m. on Sundays. The bus will be available for all ages to ride. Residents calling will be picked up in time for the Sunday School service at 9:45 a.m. and will be returned to their homes after the 11 a.m. worship services are concluded, according to Rev. Jimmy Rogers.

Grace Baptist Church of Canyon has begun a new women's meeting for the first and third Wednesdays of each month. The women will be meeting from 10 a.m. to noon most weeks with a few evening meetings slated by those members who work. Meetings will be held in the homes of various members.

Canyon Hills Church of Christ is this week sponsoring a 12 episode film series on "The Living Christ." Open to all interested persons the film series will begin Monday evening, Sept. 9, at 7:30 p.m. to run through Saturday evening.

Wives, Etc. Begin With Coffee Here

Wives, Etc. of West Texas State University held their opening function of the year Saturday, Sept. 7, at the Presbyterian Church in Canyon. The occasion included a get-acquainted coffee for faculty wives and women of the faculty involved in the group. Mrs. John Grillo is current president of the Wives, Etc.

Next meeting for the group will be a guest night casserole supper at 7 p.m. Oct. 1 in the small ballroom of the Activity Center at West Texas State University. Each member is to invite a guest not affiliated with West Texas State University. Program for the October meeting will be Dr. Lloyd Watkins, WTSU president, and Keith Winter as guest speakers with a special film to be shown during the evening.

A church wide social is planned for members and guests of Calvary Baptist Church for Saturday evening, Sept. 14. The social will be at the High Plains Baptist Encampment and the church bus will be leaving at 4:30 p.m. Families are requested to furnish sandwiches, chips and desserts as drinks will be provided. Activities will include volleyball, softball and other outdoor games with dominoes and indoor games available for those preferring. A nursery will be available for those under five years. The meal will be spread at 7 p.m.

Rev. George Bollinger of Houston will be conducting an evangelistic campaign at Faith Chapel in Canyon beginning September 15. Bollinger is known as a sawdust-trail evangelist and has worked in many fields of evangelism including stints abroad. Services here will be at 7:30 p.m. week-day nights with Sunday services at 11 a.m. and 7 p.m. The revival will be held Sept. 15-25 and an open invitation is extended local residents by Ron Martin, Faith Chapel pastor.

The college youth of First United Pentecostal Church are organizing a chapter of Pentecostal Students Fellowship International on the campus of West Texas State University with the local chapter being affiliated with the national youth department internationally. Interested college students should call 655-3949 or contact the local church pastor, Rev. Calvin Rashall, who will be chaplain for the group.

Canyon's First Baptist Church is helping support the Canyon High School Eagles this year by taking the church bus to each out-of-town ballgame. Football fans should make their ballgame reservations early by getting their bus tickets which entitles the students to a game ticket. Bus tickets are 75 cents per game.

Central Church of Christ members will serve a light evening meal each Sunday evening after worship services at the Bible Chair on campus for university students. Four families will participate each Sunday evening and Tom Chapin at the Student Center, 655-3238, will conduct the family sign-ups.

New mid-week "come-as-you-are" services of prayer, meditation and hymn singing are at 7 p.m. Thursday evenings at the First Christian Church of Canyon. All are invited to attend.

A number of youths from the Central Church of Christ in Canyon attended a youth meeting in Dumas Saturday and are planning to attend a rally at Johnson Park in Borger Supt. 28.

Youth of the Canyon Assembly of God Church will host a youth rally Monday evening, Sept. 16th, to include church youth of 55 area churches. The local church choir will present several special selections during the rally gathering.

USC Home Tour Set October 13

Five Canyon homes have been selected for the annual "home tour" to be held in the city October 13.

The Sunday afternoon tour will include the John Womack home at 2504 12th Avenue; the Bill Sternenberg home at No. 8 Edgewood Lane; the Carol Jokerst home at 1107 Brookhaven; the Charles Harter home at 1404 Creekmere; and the home of Dr. and Mrs. Lloyd Watkins at 13 Southridge Drive.

Advance tickets will go on sale Friday at $1 per person. Tickets will also be available at the homes on tour October 13. The tour will be conducted from 2-6 p.m. and all citizens are invited to "take a look at some of Canyon's finest homes."

Proceeds from the annual home tour are used by the University Study Club for their continued support of many civic and youth oriented projects during the year including an annual scholarship of $150 awarded to a deserving graduate at Canyon High School each spring.

Photographic Efforts At Museum

A photographic exhibit is on display at the Panhandle-Plains Historical Museum in Canyon throughout September including an exhibit of color slides, as well as black and white and color photographic efforts of area photographers.

The exhibit is arranged by the Amarillo Photographic Society and includes over 100 photographs and 150 slides on display in the second floor art section at the museum. The series of slides will be on view during week ends only but the photographs are available for viewing throughout the month during regular hours. Museum hours are from 9 a.m. - 5 p.m. Monday through Saturday and 2 - 6 p.m. Sundays.

The exhibit of photographic efforts was judged by Olive Bugbee and Gort Rushmer and includes the following list of winners:

Black and White Photographs

First place, Johnny King, "Dry Pods"

Second place, Johnny King, "Young Cottontail"

Third place, Clyde Stickley, "Lake San Cristobol"

Honorable mention, Van G. Cook, "Breather"

Color Photographs

First place, Vivian Penry, "Misty Morning"

Second place, Joe Cato, "Apricot Autumn"

Third place, Pauline Robertson, "Family At Sunset"

Honorable mention, Pauline Robertson, "Korean Orphan"

Color Slides

First place, Johnny King, "Cuhara Valley"

Second place, George Mager, "End Of The Line"

Third place, Clyde Stickley, "Full Hopper"

Honorable mention, R. L. Robertson, "Museum Schoolroom"

Credit Cards Topic Of Westside Session

Westside Home Demonstration Club had a program devoted to "your credit card contracts" given by Becky Hall, county extension agent, on September 4.

The meeting was called to order by new president, Mrs. Ray Metcalf, and committees for the year were named. The meeting was in the home of Mrs. Ralph Ruthart with 14 members present including Mesdames Paul Glovier, Buenta McKay, Fred Richards, Bill Bynum, Ann Weaver, Ed Bourn, Ray Metcalf, Whitey Voelms and guests, Anita O'Donald, Janelle Gartrell and Fay Pigg.

Outdoor Supper For Chi Upsilon

Chi Upsilon chapter of Beta Sigma Phi International sorority held a guest night outdoor supper for guests and their husbands Saturday evening in the backyard of the Don Rozell's home at 1900 6th Avenue.

Guests for the evening were Mr. and Mrs. Monte Thomason, Mr. and Mrs. George Stevens, Mr. and Mrs. Perry Howell, Mr. and Mrs. Jim Montgomery, Mr. and Mrs. Joe Taylor, Mr. and Mrs. Dee Nix and Mr. and Mrs. Bud Higginbotham.

Member couples present were Mr. and Mrs. Rozell, Mr. and Mrs. Buell Martin, Mr. and Mrs. Joe Cooper, Mr. and Mrs. Kenneth Thompson, Mr. and Mrs. Elmer Clement, Mrs. Nell Haws and Mrs. Marge Sharp.

Gardeners Meet To Begin Year

Canyon Garden Club will meet this evening, September 12, for a salad supper at 7 p.m. in the home of Mr. and Mrs. Bill Downing, 3202 Conner Drive.

Member dues of $3.50 per person will be due during the business session as the gardeners begin a new club year under the leadership of Hazel Wells. A review of programs for the coming year will be given by Gladys Haines and the roll call will be "what not to do in gardening."

Senior Citizens To Feast Tonight

Canyon's senior citizens will feast at a covered dish supper at the regular weekly meeting tonight, Thursday, at 7 p.m. at Canyon Community Center.

The supper will be followed with a variety of games for all senior citizens desiring to participate.

CCA Membership Campaign Starts

Canyon Community Concerts Association is presently conducting the renewal membership drive in the city with the new-member campaign to be held September 16-21 from headquarters located at Southwestern Public Service Building, 1608 4th Avenue.

Membership campaign will include office hours at headquarters between 10 a.m. and 5 p.m. Membership fees are $10 for adults, $5 for full-time students including children through college age and $30 for family memberships.

This year's CCA series includes the following performers for concerts in Canyon: Violinist Stephanie Chase on Nov. 26; Daniel Llords, solo marionettiste, on Jan. 6, 1975; and Paul Kuentz, conductor, and the Chamber Orchestra of Paris on Jan. 31, 1975. In addition to local concerts, memberships in the local CCA include a reciprocity agreement with CCA groups in Borger, Clovis, Lubbock and Hereford where those with local memberships may attend concerts being held in those cities at no additional charge.

A worker's dinner is set for Sept. 16 at 6 p.m. for those local members involved in the campaign. Those desiring memberships in the CCA who would like additional information may contact Mrs. Joe Findley, 655-4405, or Mrs. Dan Sanders, 655-3174.

Priscilla Club Holds Meeting

Mrs. Lonnie Byars was hostess to the Priscilla Club at a meeting in her home September 4 where a dessert course, coffee and tea were served.

Present were Mesdames Clay Cooper, Bill Crow, D. M. Foster, Dudley Moore, Sr., Ed Weeks, T. S. Stevenson, Sr., Floyd Tomlinson, A. K. Goodman, W. F. Haggard, Tom Knighton, Bailey McCormick, Kelly McGeehee, M. J. Noel, Tom Brasher, Paul Sommers and Florine Cooper.

Visiting

Visiting with Luther Kiker during late August were his two daughters and their families. Carolyn Barrett and husband, Duane, and children, Terry and Lisa of Clovis, California (near Fresno) visited a few days as did Naomi Patterson and daughters, Lori and Mendy, of Chandler, Arizona. The Barretts met their son, Terry, who had just completed a bicycle cross-country trip from his California home to Boston, Massachusetts.

Sewing Club Resumes Year

Friendship Sewing Club met with Mrs. Charlie Winters, Rt. 2, Amarillo, Thursday, Sept. 5, for a business meeting with vice president, Mrs. L. E. Hermesmeyer, in charge of the opening as club members sang the club song "Smile."

Roll call was answered with "foods I froze or canned this summer." A brief business meeting was conducted and the program included recitation of poetry and favorite sayings as members also discussed their summer activities and trips.

Cookies were brought to be sent to the Amarillo Speech and Hearing Center. The meeting was concluded with refreshments being served by the hostess, Mrs. Winters, to members present including Mesdames Ann Miller, Leonard Winters, Frank Simon, Nell Sheets, L. E. Hermesmeyer, Clarence Winters and Herrick Simon.

Next meeting for the group will be at the Leonard Winters home 2202 6th Avenue, Canyon, September 19 at 2:30 p.m.

SPRY Club To Meet

The S.P.R.Y. Club will meet Thursday at 2 p.m. in Fellowship Hall of the First United Methodist Church for visiting among those senior citizens interested in the activity.

Palo Duro MILs To Meet Friday

Palo Duro Mother-in-Law Club will begin fall meetings with a gathering of members Friday afternoon at 3 p.m. in the home of Mrs. Clark McClendon, 2712 4th Avenue. Co-hostess for the meeting will be Mrs. Gladys Haines.

Spaghetti Supper Set September 14

The Tierra Blanca Chapter of the National Secretaries Association will sponsor a spaghetti supper at 6 p.m., Sept. 14, at the Rex Reeves Elementary School.

Proceeds from the supper will go to sponsor a scholarship for a WTSU student majoring in business.

The Tierra Blanca Chapter has awarded a scholarship to a WTSU student for the past four year. The recipients are usually members of WTSU Future Secretaries Association, Shirley [illegible] PSA sponsor said.

St. Ann Ladies Resume Meets

St. Ann Catholic Church resumed their ladies meetings with activities Wednesday, Sept. 11, at 7:30 p.m. at the Episcopal Center in Canyon, 2516 4th Avenue.

Father Jack Gist served Mass and the meeting began with Mrs. Nancy Shehan, president, in charge. Other officers for 1974-75 are Mrs. Cecilia Tenorio, vice president; Mrs. Vicki Stoker, secretary; Mrs. Kelli McBride, reporter; and Mrs. Cecelia Szydloski, treasurer.

BSP Chapter Has Meeting

The first regular meeting of the 1974-75 sorority year was held by Chi Upsilon chapter of Beta Sigma Phi International sorority in the home of Mrs. Elmer Clement, 1209 9th Avenue.

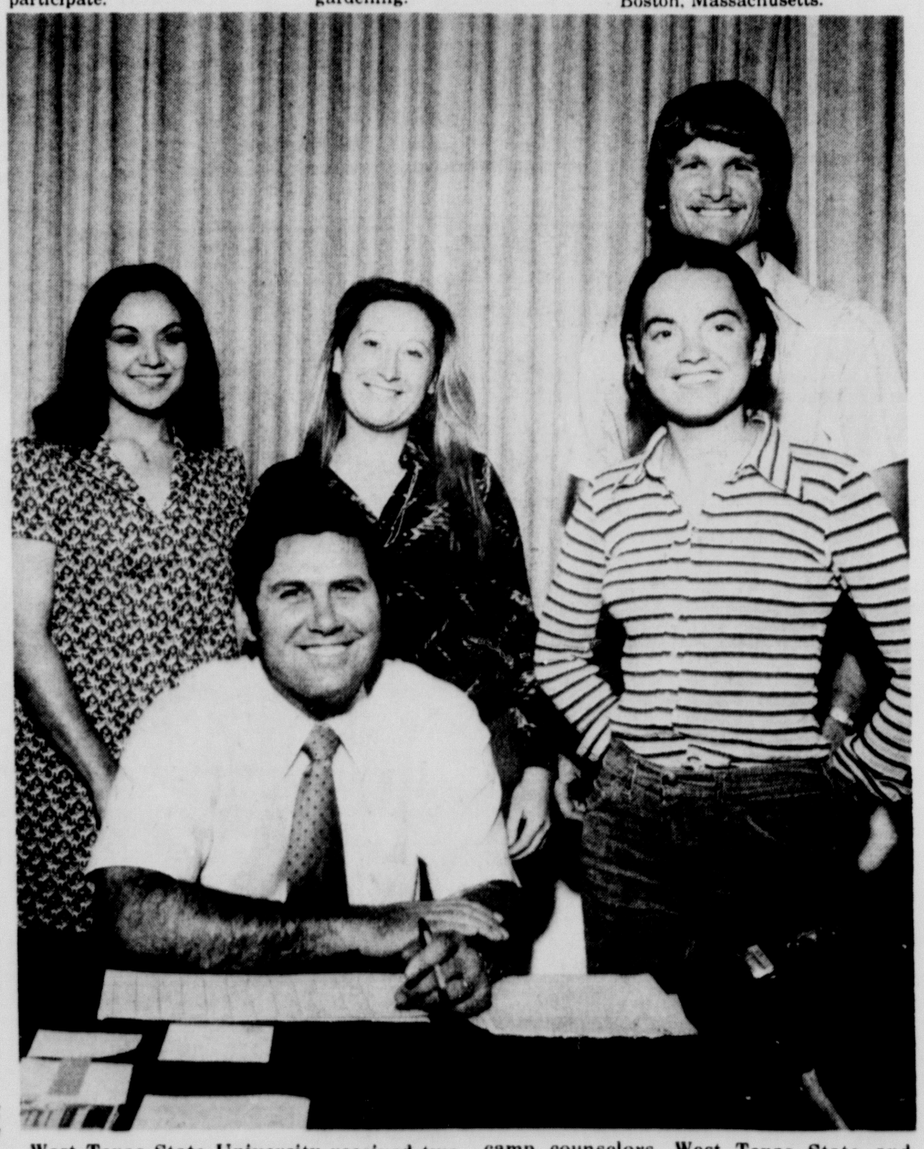
Mrs. Marge Sharp, president, was in charge of the business meeting which opened with rituals. Mrs. Sharp also handled the program entitled "The Body Beautiful" which covered demonstrations of how to keep the body beautiful.

Members present drew "secret sister" names for the year, a tradition of the chapter. The door prize was won by Mrs. Nell Haws and the closing ritual was followed by Mizpah.

Those present were Mrs. Sharp, Mrs. Haws, Mrs. Clement, Mrs. Don Rozell and Mrs. Kenneth Thompson.

Next regular chapter meeting will be Monday, Sept. 16 at the home of Mrs. Kenneth Thompson, 2627 13th Avenue, at 7:30 p.m. The chapter will host a salad supper and rush party for prospective members on September 23 at the Elmer Clement home.

SPAGHETTI SUPPER posters went up in town this week by the Tierra Blanca chapter of National Secretaries Association represented here by Gloria Hampton, left, and Jessie Booth. The supper, open to the public, will be served Saturday evening at Rex Reeves Elementary School cafeteria with tickets going at $1 for children and $2 for adults. Proceeds will be used by the secretaries to furnish a student scholarship at West Texas State University to a deserving student in the secretarial field.



West Texas State University received two special visitors from Spain Thursday, and treated the two interested girls to tours of the campus and the Panhandle-Plains Historical Museum. Dolores Satorra, lower right, and Nuria Riu, center standing, came to the United States from Barcelona to serve as camp counselors. West Texas State and Amarillo are just a few of their stops in an American tour before returning home. Also shown are WT guides Yolanda Cisneros and Byron Brunson, standing left and right, and Keith Winter, WTSU director of development, seated.

Buffaloes Seek First Conference Win

The West Texas State Buffaloes will seek their first conference win Saturday afternoon at 1:30 p.m. when they meet the Drake Bulldogs in the 18,000 capacity Drake Stadium in Des Moines, Iowa. The first conference game for both teams is expected to draw an attendance of 12,000.

West Texas State is making its 1974 debut. Drake is 0-1 after losing to Dayton 21-7 last Saturday in their season's opener.

In previous meetings, WT and Drake are tied at three games each. Last year WT evened the score when Clois Burgess and Billy Pritchett scored touchdowns which led to a 13-10 WT victory. Burgess scored from the two yard line in the second period of play and Pritchett scored from the six in the third quarter. The biggest win for the Maroon came in 1959 when they won by 10 points in a 31-21 ballgame. Drake defeated the Buffs in 1972 40-12.

The Buffs or the Drake Bulldogs will be tied for the Missouri Valley Conference lead after the Saturday skirmish. New Mexico State edged Wichita State 13-12 in Wichita last weekend to take the early MVC lead.

The Bulldogs

Two of the best backs in Drake's football history will attempt to plow out yardage against the Buffalo defense during Saturday's game. Tailback Jerry Heston needs only 381 yards to break Johnny Bright's school record of 3,134 yards. Along side Heston will be All-Valley fullback Jim O'Connor who gained 670 yards in 1973.

Drake matches WT's Merced Solis, tight end, and split end Tracy Dickson with some fine receivers of its own. Hal Proppe was runnerup to Solis in the preseason voting at tight end and Ken Ferguson, who caught 23 passes last year, provides a long threat from the flanker position.

Drake did not get a chance to profit from the presence of Heston and O'Connor against Dayton last week. The Flyers of Dayton jumped to a 14-0 lead after the first quarter and the Bulldogs were forced to play catch-up the rest of the way. Quarterback Jonas Sears, scholastically ineligible last year, was 10 of 17 passing in the second half after a shakey start. He completed seven of his passes to Proppe. O'Connor ran well collecting 86 yards on 19 carries but Heston was held to 38 steps in 11 carries.

Gene Mayfield, head coach for the Buffaloes, along with assistants Leon Fuller and W. P. Van Pelt, scouted the Drake-Dayton game and came away thinking the better team had lost. "At least that's the way it seemed to me," stated Mayfield. "Most everyone there had the opinion that if the two teams were to play again next week, there'd sure be some doubts on who would win. I thought Sears after the half looked good. They love to go to their tight end, Proppe. He's an inviting target. He caught seven and they went to him 14 times. You weren't that impressed with Heston and O'Connor for the simple fact they weren't getting that much opportunity."

The Buffs

The Wishbone will be the Buffaloes' main offensive set again in 1974 but it will be no great transition. The Buffs ran the "Bone" almost entirely in the successful 1972 campaign and ran out of it at times last year. "The change doesn't present any problem to our offensive linemen or backs," Mayfield says. "We just think we're better suited to run it."

A spirited battle is underway for the leader of the Buff Wishbone offense in 1974. Mike Wartes was the starter most of 1972, Don Nava had the top job last year and Tully Blanchard, a transfer from SMU out of San Antonio Churchill, is currently running number one. Blanchard can run well, pass well and he has shown some leadership according to Jim Dawson. Dawson said, "But then again, we won't know until he gets into the game."

A fleet of good running backs will be behind which ever one of the trio gains the starting nod. Junior Rick Schleider, who gained 395 yards in 1973, has nailed down the starting slot at left halfback and Johnny Darden will start at fullback. Darden gained 266 yards last year. The picture is less settled at right half where transfer Ricky Rice and red-shirt Garvin McCarrell are leading the pack. All of this doesn't take into account the fact that 1973's leading rusher with 513 yards, senior Jimmy Lisle, is back. Lisle has been hampered this fall by injuries.

When the ball is put in the air by the Buff quarterback, two of the better receivers in the MVC will likely be on the receiving end — Solis and Dickson. Solis, the pre-season pick as the All-MVC tight end, caught 35 passes last year and stands as the eighth leading receiver in WTSU history with 46 catches. Dickson, a 9.2 sprinter for the Buff track team, was second with 15 catches last year. He gained an average of 21.8 yards on each catch.

The Coaches

Jack Wallace, of Drake, owns a 53-41-2 record at the start of his 10th season. The Bulldogs also earned a share of the Valley title in 1972 along with WT. Under Wallace, Drake has appeared in two post season bowl games.

Gene Mayfield is starting his fourth year in Canyon with a 9-23-0 record. He led the Buffs to a MVC tri-championship in 1972. His career coaching record, including stints at Littlefield, Borger and Odessa Permian high schools is 165-58-6.

The WT-Drake game will be the only MVC game Saturday.

Next week, WT hosts New Mexico State in another MVC game in Frank Kimbrough Memorial Stadium Sept. 21. The Saturday game is set for a 7:30 p.m. starting time. It is the first of a three game straight home stand.

The WTSU Song Girls were organized this year. They will be entertaining at each home athletic event. Members of the Song Girls are, l. to r., Denise Roberson of Haskell, Bobbie Johnston of Pampa, Brenda Railsback of Happy, Carol Werthmann of El Paso, Linda Hartsfield of Haskell, Terry Shewbert of Dalhart and Marsha Abrams of El Paso.

Eagles Seek Victory

The Canyon High School Eagles will host the Borger Bulldogs Friday night in Frank Kimbrough Memorial Stadium at 7:30 p.m. The Eagles will be seeking their first win of the season after having lost to Lubbock Monterey last week.

The Eagles will host Borger for the third year in a row Friday night. In the first encounter of the two teams in 1972, Borger won 6-0. Last year the two teams fought to a 6-6 tie. The Eagles are seeking to gain revenge in the game.

According to scouting reports, Borger likes the isolation series as did Lubbock Monterey this past week. The Bulldogs have a tailback that they like to use 75 per cent of the time. Mike Glover, a 6-0, 181 pound junior, gained almost 700 yards during his sophomore year and was named Panhandle-Plains sophomore of the year.

Borger, another of the 4-A foes that the 3-A Eagles will face during the year, is picked to finish fourth in district 3-AAAA. They are picked to finish behind three Amarillo schools — Palo Duro, Tascosa and Amarillo High.

Borger will come to the Friday night contest after having lost in the closing seconds of the game last week when they played an Eagle district foe, Perryton. The Perryton Rangers won 8-6.

The defeat for Borger came last week when Perryton used a "sleeper" play to score the two points in the points-after attempt following their lone touchdown of the night.

Borger, also hopeful for their first win this week, has 23 returning lettermen from last year's 5-4-1 season. Experience will be a key in the Bulldog's bag of tricks that they will display Friday.

Borger returns six offensive regulars most of which saw action in the line last year. Canyon has only two regulars in the offensive line this year.

According to Coach Ron Mills, the lack of line experience was a factor in the loss last Friday night for the Eagles.

On defense, Borger defensive end Joe Mercer is picked among the top players in Panhandle 4-A ball. Glover is also noted for his defensive ability at the halfback slot. Mercer is a senior at Borger High.

Mercer, 6-0, 192 pounds also plays at the tackle position on offensive and is rated at the top for this position.

For the Eagles this week, Coach Mills plans to use only one player on both offense and defense. Mills stated that his big men became tired during last weeks encounter with Monterey. He hopes that the extra rest will give thrust to the Eagle attack. Jim Ward will be the only Eagle who will see action both ways this week.

One problem that Mills and his charges hope to eliminate this week is slowness in getting off the line at the snap of the ball. Mills stated that Monterey beat the Eagles off the line on both their own snap and the Eagles' snaps at the line of scrimmage.

Mills and his charges worked till 6:45 Monday. One of the areas that they worked on was aggressiveness. Mills pointed out that the Eagles waited on Monterey instead of attacking them. The Eagles will be clawing at the Bulldogs this week.

Terry Hayhurst will be returning to the Eagle lineup following his lay-out during pre-season drills and the first football game due to a shoulder injury suffered while herding cattle on a motorcycle. Hayhurst will be alternating at the guard position.

David Hetzler, sophomore tackle, will draw a starting position on the offensive line.

Happy Downs Claude

Happy Junior High football team downed the Claude Junior High team by a score of 22-16.

Vincent Venhaus scored all three of the Happy touchdowns. Venhaus, who scored all the touchdowns during the first half of the game, began his scoring spree by running back the opening kickoff to tally the first six points.

Cowboys Hopeful For First Victory

The Happy Cowboys will travel to Bovina Friday night for an 8 p.m. game against the Bovina Mustangs. Bovina is rated third in pre-season polls for district 3-A.

Bovina has 15 juniors on its traveling squad. They have five offensive and five defensive regulars returning.

Bovina will probably run from a split-T formation and use a 5-3 defense.

Happy will be hoping to generate an offensive attack. Last week the Cowboys were able to gain only 56 yards during the game against Claude.

Junior Varsity Plays Tonight

The Canyon Eagle junior varsity will host the Borger JV's here at 5:30 p.m. The game will be played on the practice field behind the high school.

The Eagle JV won last week as they downed the Friona JV 21-6.

Booster Club Views Projects

The Canyon Booster Club met Monday night at the Canyon High School Cafeteria. Members of the club watched a film of Friday night's game as Ron Mills, head football coach, pointed out good and bad points of the Eagles' play.

Club members also saw posters that will be distributed to businesses in town. The posters have individual pictures of each player in action positions.

Also club members were shown the "fighting Eagles" pin that will go on sale soon.

Canyon Boxing Club Begins Registration: Building Found

The Canyon Boxing Club will hold its registration and parents meeting tonight at 8 p.m. in the Commissioners Courtroom on the second floor of the Randall County Courthouse.

Presiding over the meeting will be Judge Woody Pond, Jim Bob Brown, chairman of the board, and coaches Troy Mitchell and Clarence Jones.

It is hoped that a large number of boys and parents will be present in order that ground work for the reorganization of the boxing club for the 1974-75 season can be laid.

The coaches for this year's boxing team expect 10 returning lettermen and 20 or 30 new members to be added to the club.

Boys who are interested are urged to attend the meeting and sign up for the program. One or both parents should accompany the boy to the meeting.

The club will be using a building located at 2111 First Ave. behind De Bord's Texaco Station for workouts. The building is owned and donated by Ronald Cleaninger of Springlake, Tex. Workouts will begin Monday, Sept. 16 at 6:30 p.m. If for some reason a boy cannot sign up Thursday night, they can sign up at the first workout or call Troy Mitchell at 622-0631.

Assisting the coaches this year will be Elmer Clement, T. B. Baca and Perch Bridges.

The Canyon Boxing Club will host a fight night Oct. 19 with teams from Levelland, Muleshoe, Plainview and Tulia participating. The following Saturday night, Oct. 26, they will host Clarendon, Guymon, Okla., Hereford and Stinnett.

The Canyon District Golden Gloves Tournament is scheduled for Feb. 27, 28 and March 1.

The Canyon Boxing Club is sanctioned by the West Texas AAU and Golden Gloves.

Canyon Boxing Club AAU Schedule

Oct. 19 at Canyon
Oct. 26 at Canyon
Nov. 2 at Amarillo

A member of Amarillo Local 1351, a construction worker labor union, pickets Monday morning the construction site for the new Canyon city hall. The worker continued picketing the site late Tuesday, but workmen proceeded with preliminary dirt work as scheduled.

Work Begins On New City Complex

Work began and proceeded Monday morning at the site for the construction of a new Canyon city hall in spite of two union pickets posted at the site at sunup.

The pickets did not prevent the start of construction and a union spokesman said their intent is not to stop the job.

Jack McVay, an official with Local 1351, a construction worker union in Amarillo, said the pickets would use no force or work stoppage. They were picketing, he said, only to make a point.

The union has apparently been picketing all construction sites overseen by the Amarillo contracting firm of Page & Wirtz for about a year, according to McVay. Pickets are also up at Page & Wirtz jobs in Amarillo and Canadian.

"This is strictly a dispute with the contractor trying to reach an agreement," McVay said. He noted the pickets were not directed at any other firm or business or at the city.

A flyer handed out by McVay indicated the union's intent:

"To members of the public: The language of this picket means what it says.

"Our local does not have a collective bargaining agreement or contract with the contractor (employer) whose name appears in the legend of this sign.

"Our local feels it must have a collective bargaining agreement to protect the fine wages and working conditions now prevalent on many great projects in our jurisdiction.

"Our dispute is limited to the employer named on the sign. We do not have a labor dispute with any other employers and suppliers."

The pickets were the first in several years in Canyon.

Registration For Community Education Set For Tonight

Area residents may sign up tonight for seven courses in the Community Education Program under way in Canyon.

Umbarger residents may sign up for beginning Spanish which will be taught by Mario Ross in the Umbarger Community Center at 7 p.m. The course will run for 10 weeks, two hours each Thursday night. Fee for the course is $10. The course is designed to give the student a fundamental language skill and to assist in learning to recognize and reproduce Spanish sounds. Emphasis on the oral aspects of the language will be made during the course. The course is a pre-requisite to conversational Spanish. The class is open to all above the age of 14.

At Rex Reeves Elementary School, beginning needlepoint and gift wrapping will be offered at 7 p.m.

Beginning needlepoint will be taught by Mrs. David Wheeler and will run for four weeks, two hours each Thursday. Fee for the course is $5. The course will be taught in the Teacher's Lounge at the school. Basic needlepoint stitches and color effects will be taught. Students are to bring thimble and small scissors.

Gift wrapping will be taught by Ken Thompson. Fee for the four week course will be $3.

Home Mechanics and powder puff auto mechanics will be taught at the high school beginning at 7 p.m.

Home Mechanics will be taught by Richard Porter. The eight week course will cost $10. Basic steps in home repair will be covered in the course.

Micky Hathaway will teach a six weeks course in powder puff auto mechanics. Fee for the course is $8. The class is for the lady of the house and will cover basic auto problems.

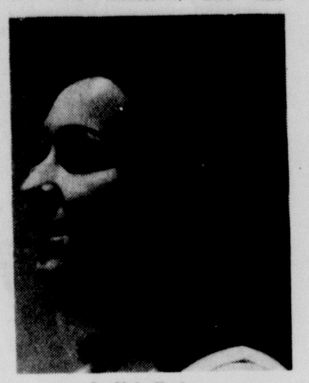
An eight week course in decoupage taught by Mrs. Guy Mulherin and an eight week course in wig styling and hair care will be taught by Mrs. Don Rozell. The classes held at Gene Howe Elementary School will begin at 7 p.m. Fee for decoupage is $7 and the fee for wig styling and hair care is $8.

Balo Wins Competition

Judith Balo, a West Texas State University instructor, is one of five winners in the recent Sterling Staff International Competition.

A biennial event, the competition is sponsored by Mu Phi Epsilon professional music sorority and is presided over by a panel of judges, all of whom are experts in the performing arts.

As a winner, Miss Balo will be presented by Mu Phi Epsilon in a two-year series of recitals and concerts both here and abroad, for which she will receive artist's fees. In addition, she has



Judith Balo

received a contract guarantee as an apprentice-artist with the Chautauqua, New York Opera Association for the summer of 1975.

Following undergraduate study at WTSU, where she was a student of Miss Elsa Porter, Miss Balo did graduate work at the University of Southern Mississippi, receiving her M.M. degree in 1970. After two years of teaching at Northwest Louisiana University, she received a special grant which provided for a year of intensive study in Italy under the guidance of baritone Tito Gobbi and voice coach Luigi Ricci. Miss Balo returned to WTSU in 1973, where she teaches in the Music Department and is continuing her studies with Miss Porter.

Several members of Baha'i communities in the Texas Panhandle represented at the recent Baha'i faith conference in St. Louis were: front seated — Dan & Becky Caldwell, Canyon; standing left to right — Sam Parker, Lubbock; Mike Kelly, Buffalo Springs; Bill Bell, Cleta; Marie Fogarty, Amarillo; Teresa Haskin, Canyon; Bill Griffith, Linda Kiesling, Amarillo; Ann and Audra Bell, Cleta; Danny Haskin, Canyon; Pinky Long, Arlene Eitner, Amarillo; Paul Bohannon, Lubbock; and Denise Long of Amarillo. The four-day conference launched a five-year plan for the faith.

Phone Services Shortages Delay

Telephone installations in Canyon will be temporarily limited because of a strike-related shortage of instruments, cords, bells and other equipment, Southwestern Bell said last week.

The company said tentative agreement has been reached in a nationwide strike of the International Brotherhood of Electrical Workers against Western Electric that has caused the shortage.

"We don't know exactly how long it will take to return equipment inventories to normal," a company spokesman explained.

Western Electric is the Bell System's manufacturing and supply unit.

"Under the procedures we've established, installations will be limited to one line and one telephone per customer," the spokesman said. "When inventories return to normal, and equipment becomes available, we will complete the installations that customers requested without additional charge."

The company said customers will be billed only for one line and one telephone until any additional equipment they have ordered has been installed.

"We regret not being able to furnish all the equipment our customers request at the time they want it," the company official said. "However, the policy is temporary. Meanwhile, we'll be able to provide good, basic service until the equipment situation improves."

City Commissioners Concur On I-27 Design

Canyon city commissioners reviewed a schematic drawing of the proposed design of Interstate Highway 27, which will by-pass Canyon to the east, and said Monday night they concur with the design.

Texas Highway Department officials had asked for the comment from commissioners for inclusion in a package of comments they must submit to state and federal highway administrators for final approval of the route and design.

In other business, commissioners approved an ordinance drawn up to allow issuance of $15,000 in certificates of obligation payable to the contractor, Page & Wirtz of Amarillo, for construction costs already incurred in building a new city hall.

They also tabled an item concerning appointment of three men to the city housing authority, which oversees operation of low-income subsidized housing in Canyon. City Manager George Loudder said by-laws of the authority call for a board of five men to serve as the housing authority, but only three have served in the past. Commissioners tabled the item to enable them to contact possible appointees.

Sept. 23 will be the date for a public hearing on a change in zoning and special use permit request for property near the Chapparal Mobile Home Park in west Canyon. Frank Morgan requested the changes to allow him to place a mobile home on his property. The city's planning and zoning commission has already recommended approval of the requests.

Buffalo Riders Club Camps Out

By REBA RAEF

GREETINGS, FROM UMBARGER.

Well, it's that time of year again. Last Tuesday afternoon, the women and men (those not busy in the fields) gathered in the basement of St. Mary's parish hall to make kraut for the 1974 Fall Festival. Will report next week on the gallons that they made.

This was the second time in a good many years that we missed out on the kraut cutting. And for those wanting the recipe, here 'tis: For every 12 lbs. of cut cabbage you need ½-cup of cooking and canning salt. Mix well and pour into a stone crock and "stomp" it. When crock is ¾ full, cover with several layers of the outside leaves of cabbage, then a cloth and weight it down so the cabbage stays under the brine. In about six weeks, you will have some mighty good eatin'.

* * *

WE FINALLY SLOWED Father Schafle down long enough to find out about his vacation. He went first to San Jose, Calif. to visit relatives. Enroute, he visited the Petrified Forest, the Grand Canyon and Lake Havasu, Ariz., which is now the new home of the London Bridge.

Returning from San Jose, he stopped in Las Vegas, where he lost a "little" money. He had planned an excursion through Old Mexico and got as far as Chihuahua, but because of heavy rains he returned to Juarez. He attended the International Catholic Deal Association and then went to New Orleans for two weekends to the Deaf Center. He took a boat trip on the Mississippi and through the Bayous.

Finally, he attended the Texas Catholic Deaf Week in Houston. He said it was a most enjoyable vacation and he is already planning next year's jaunt.

* * *

FRANCES GROTEGUT IS at long last home. She has been either in a hospital or a convalescent home since last January. It's really nice to have her home again. Her house has been completely redecorated and we're sure she will enjoy just being home.

* * *

NATHAN AND CLIFFORD Wieck, sons of Larry and Elizabeth Wieck of Dalhart, spent two weeks with their grandparents, John and Edna Wieck just recently while Elizabeth recuperated from surgery.

* * *

SEVERAL UMBARGER RESIDENTS attended the 80th birthday party for their aunt, Mrs. Mary Skypala held last Sunday afternoon in the Knights of Columbus hall in Hereford. Those who attended were Elroy and Roberta Artho, John and Edna Wieck, Sylvester and Elsie Batenhorst, Vincent and Della Friemel, Alice Koch, Ted and Marie Irlbeck and Henry Skypala. There were about 125 relatives and close friends present.

* * *

THE BUFFALO RIDERS Club of Umbarger spent the Labor Day weekend camping out at Boys Ranch. The club participated in the grand entry of the Boys Ranch Rodeo on Sunday and Monday. They ate the noon barbecue with the crowd both days, but cooked breakfast and supper over a campfire.

* * *

WE ATTENDED THE Eagle-Monterey ball game last Friday and the half time activities brought back fond memories. I was the first girl to play in the "Sandie" band in the early '30s in Amarillo. At that time, our half time activities were pretty good, but they were a far cry from what the bands of today can do at half time. We sure did enjoy it all very much.

* * *

OUR NEW LITTLE granddaughter, Stefanie Ann Raef was baptized last Sunday during the 8:00 Mass. Her Godparents are Donna Hartman and Kevin Raef. She belongs to Andy and Edith Raef, and has one sister, Nancy.

The silence at our house today is deafening. Tom went back to Clovis Sunday and Andy and Edith and girls left this morning for Phoenix, Ariz. Andy will be stationed at Luke Air Force Base there.

* * *

DON'T FORGET THE garage sale this coming Saturday in the Umbarger Community building. You may consign items for the sale or just donate them for the sale. The items should be there on Friday, Sept. 13 and if you need help getting them there, call Shirley Payne or Shirley Skarke.

* * *

HENRY AND AMALIA Bracht have returned from a visit with Henry's relatives in Germany. We will have more on their trip next week.

* * *

THE FOURTH DEGREE Knights of Columbus and their ladies enjoyed their quarterly supper last Sunday evening in the Columbus Club Hall. Preparing and serving the suppe ere the Conrad Westhoff's, the Ben Koch's, the Leonard Batenhorst's and the Jack Brandt's.

The evening was spent playing "31," "88" and "double cup." There were about 35 in attendance.

* * *

THE PISTOLS AND Petticoats Square Dance Club will dance this coming Sunday evening, Sept. 15. This is their regular dance night, and they would like to see a good turnout.

* * *

JACK AND SADIE Brandt have moved into their new home. On Aug. 30, they were honored with a surprise house warming. Guests were Don and Susie Dolle, R. D. and Mary Friemel, Paul and Betty Ferguson, Tom and Shirley Payne, Jim and Shirley Skarke, Tom and Dianne Brock, and Vincent and Gladys Meyer.

The Brandt's were presented with an electric ice cream freezer. The evening was spent playing cards.

* * *

IF YOU HAVE news for me, call me at 499-2164.

THE SLEDGE HAMMER AND DEPTH SPIKE are all a part of checking the depth of the highway base being laid for the new highway cross-over interchange being constructed here at the junction of the Hereford Highway (U.S. 60) and Fifteenth Avenue. Bill Nordyke of Amarillo with the Texas Highway Department, District Test Lab, checked the 10-inch base coat this week. The construction was scheduled to be complete by early December but due to heavy rains in late August the scheduled completion has now been moved forward to the Spring of 1975.

News Brief

Mr. and Mrs. Foster Amburn of Canyon were in Lubbock during the weekend where Mrs. Amburn joined her sister, Mrs. Bob Rogers, and husband, Bob, for a reunion trip to Hunt County. Mr. Amburn returned to Canyon while his wife and the Rogers went to the reunion of cousins in the Wolf City area north of Dallas.

Census Survey On Immunization

The Bureau of the Census will survey a sample of households in this area next week to determine the extent people have been immunized against selected diseases.

The immunization survey conducted nationally every year, provides information on immunization against measles, influenza, smallpox, polio, diptheria, whooping cough, tetanus, rubella, and mumps. This information is needed for administration of health programs geared to disease prevention.

These health questions are in addition to the usual ones asked in the monthly survey on employment and unemployment conducted nationwide by the Bureau for the U.S. Department of Labor.

Results of the monthly employment survey provide data on conditions in the labor force, prime indicators of the economic health of the country. For example, the Nation's unemployment rate was 5.3 percent in July; it was 5.2 percent in the previous two months and had held in the 5.0 to 5.2 percent range since the beginning of the year. Total employment was 86.3 million in July, essentially unchanged from June but up by 500,000 since April.

Information supplied by individuals participating in the survey is held confidential by law and is used only to compile statistical totals.

Census Bureau interviewers who will visit households in this area are Mrs. Frances M. Cheek, 300 West Hastings, Amarillo, Texas 79108 and Verma Dean Clancy, 3410 Kingston Road, Amarillo, Texas 79109.

Scouts Feast On Hamburgers

A hamburger feast for Boy Scout Troop 31 was served Monday evening at the First United Methodist Church with hamburgers being served scouts and visitors.

Along with the 33 regular scouts attending, the group also included 12 visiting prospective scouts of which ten took scout application. Twelve parents joined the group for the films on scouting, according to Shug Bonds, scoutmaster.

Final plans were discussed for an overnight campout to be held for the troop this weekend. The scouts will leave from the First United Methodist Church at 4:45 p.m. Friday afternoon and return to the city about 3:30 p.m. on Saturday. They will camp out in Sunday Canyon.

JEFF EDMOND, center, received a $300 scholarship from the Panhandle Claim Mens' Association of Insurance Agents, the Amarillo Association of Insurance Agents and the Insurance Women of Amarillo in a recent presentation. The scholarship was awarded for the first time by Mrs. Leslie Pray, assistant professor of business, and Dr. Zeke Marchant, head of the Department of Business Administration at West Texas State University.

Regents Meet Today In Dallas

West Texas State University regents will meet at 1 p.m. today in Dallas to consider approval of a two-year budget, which includes faculty salary increases totalling about 20 percent, and a number of other items.

The budget requests for the next two years of university operation were forwarded to the Coordinating Board, Texas College and University System, Wednesday. They will be considered for funding along with other budgetary items next spring when the legislature meets in Austin.

Among items in the budget are appropriations for a 13.6 percent salary increase for faculty members during the next fiscal year and a 6.8 percent increase for the following fiscal year. Also included is a special request for funds to establish a Physical Resources Research Institute on campus to study energy and water resources.

Regents are also expected to act on bids for issuance of $1.5 million in bonds for construction of a new fine arts building on campus. The bonds will be paid off through student service fees. Construction on the building is expected to begin next spring.

They will consider allowing the old and historic T-Anchor Ranchhouse to be transferred to the board of the Panhandle-Plains Historical Museum for moving to the campus as an outdoor museum exhibit.

Happy News

By MARY NEAL HENRY

TERRA COTTA COWBELLES and Happy CowBelles will sponsor a booth in the Swisher County Fair this weekend. Their theme is "Beef: An American Tradition." The booth will feature a chuck wagon and all the accessories for an old cook out on the range. The campfire, cast iron cooking pots and the necessities of cooking will all complete the chuck wagon. Saddles and old boots will add to the atmosphere. There will be a display of beef cuts. Two roasts will be drawn for each day and a roast auctioned off on Saturday evening. Spicy ground beef dip will be served all day both days. At the conclusion of the fair, the beef cuts on display will also be drawn for Don't miss the CowBelle Booth at the Swisher County Fair this weekend.

Your Texas CowBelle President, Mary Neal Henry, spoke to the Top O' Texas CowBelles on Monday noon at the Methodist Church in White Deer. Hostesses served a delicious luncheon of smothered steak. The topic of the address was "Highlights of this CowBelle Year." A short question and answer period was also held to clarify any existing problems. The State Convention in Amarillo next month was an important topic. A business meeting followed but this chairman also had an executive meeting in Tulia that afternoon and was unable to stay.

* * *

THE LINE OFFICERS Club of District Two, Section Three of the Order of the Eastern Star met in Happy recently for a dinner and business meeting. Mrs. Catherine Miller, retiring chairman presided. Eight chapters were represented: Happy, Canyon City, Muleshoe, Tulia, Plainview, Hereford, Dimmitt, and Lockney. New officers elected for the coming year were: president, Audrey Powell of Hereford; vice president, Willa Jane McManigal of Happy; and secretary-treasurer, Amos Ratjen of Tulia.

* * *

TRI STATE HIGH School Rodeo Club met last week to elect officers for the coming year. They elected Rocky Williams as president; J. T. Henry as vice president; Valerie Tipps as secretary; Sherri Starkey as treasurer; and Connie Hand as reporter. In other business, they voted to help pay the entry fees of those contestants representing Happy in Tri State. Debbie Magness will be taking care of the entries.

* * *

HAPPY JUNIOR HIGH beat the Claude Mustangs last week 22 to 16. That group was most excited. Congratulations, Wranglers!

Although Happy Cowboys failed to ride the Claude Mustangs to victory last weekend, they had no reason to be ashamed. We were most pleased with their performance.

* * *

MARY AND CHARLES McCaslin have purchased the Coach Weeks home in Happy. The Weeks will be moving to Canyon.

* * *

BILLIE AND WAYNE Pearson entertained in their home with coffee, soft drinks and cookies after last Friday evening's football game. Those who dropped by were the Bob McDonalds, Reed McDonalds, Tom Henrys, Fay Hands, Floyd Tipps, Charles McCaslins, Connie Hand and Dave Kirsch.

* * *

KIM SIMS BECAME the bride of J. D. Hyman of New Mexico recently in the chapel of the First Baptist Church of Dalhart. Karen Terrel was her sister's matron of honor. Kim is the daughter of Mr. and Mrs. Weldon Sims.

Mr. and Mrs. John Sims, Mr. and Mrs. Dale Whitlow, Mr. and Mrs. Eugene Sims and Mary Ann, and Mr. and Mrs. Phillip Terrel attended.

* * *

KATHY HOLLAND WAS honored with a seated baby shower in the new home of Pat and Carroll Sims on Tuesday of last week. Pat was assisted in hostessing the shower by Jill White, Louise Szydloski, Willa Elliott, Margaret Middleton, Juanita Robinson, Hope Wilson, Louese White.

Guests were served punch, cookies and mints from milk glass appointments. The table was covered with a yellow cloth trimmed in white lace and centered with a stork centerpiece. Napkins were folded to look like a baby gown. About thirty people attended and several others sent gifts. Naomi Holland of Clayton, N.M. drove over for the occasion.

Kathy and H. L. Holland have one son, H. L. Holland III. He returned to Clayton with his grandmother.

* * *

PAT AND CARROLL Sims and their LaRae and Jerry were honored on Sunday afternoon with a surprise housewarming party. Forty two guests brought refreshments of cookies, coffee and cokes to serve and a huge potted plant and money tree for the Sims family.

Guests included Hope and Ervin Wilson and their Mike; Danny and Jill White and their DeeJay; Joe Bob and Linda Jones and their Vickie and Karen; Mildred and Jack Middleton; Jesse and Bob Francy; George and Louese White; George and Louise Szydloski; Mabel and Bill Sims; Pat and Bob Hargraves and their Tisha Lou; Richard and Lee Nell Hampton; Betty and O. H. Rahlfs and their Andy; Nell and Jeff and Jay Sims (Carl had to work to keep Carroll at home but he came by later); Mary Jane Miller; Betty and Elbern Wallace and Netha and DeAnn McCarley. Those who sent gifts were Larry and Ann Payne, Beaulah and Raymond Hurst, Lena Bell Cabe, Betty and Eddie Walters and their Shawn; Charles and Mary McCaslin and their Kim and Christie; Snooks and Juanita Robinson; and Grammer Lollar.

* * *

DONNA MAGNESS WAS "home" over the weekend from Dallas.

Chris Pearson was home from college over the weekend.

* * *

WILLIE BUTLER AND Alice Allen met in Happy in the Butler home on Thursday morning of last week to prepare plans for the Public Relation Workshop for the Texas CowBelle Convention. The State CowBelle Convention is in Amarillo Oct. 20 and 21.

* * *

THE SUNNYHILL HOME Demonstration Club met last Thursday with Mrs. Gwynn Tucek. Shirley Williams served lemon pound cake, coffee cake and coffee to members Mary Wilhelm, LaVenna Jackson, Jo Hand, Joy Bryan, Barbara Danner, Phyllis Bryan, Traverne Vermeire, and guest, Becky Hall.

The State Home Demonstration Convention in Amarillo was discussed. Other business included serving the Senior Citizens on Oct. 17 and drawing names for secret pals. Becky Hall, Randall County Home Demonstration Agent, presented the program, "Reading Contracts." One of the most interesting parts of the morning was listening to people's experiences.

* * *

JEANNE JOHNSON (MRS. Ronnie Johnson) has been nominated to be included in the Outstanding Young Women of America. Jeanne is the daughter of Mr. and Mrs. Frank Tirey of Happy. She is a graduate of Happy High and attended Texas Tech. She married Ronnie Johnson in 1966. Jeanne and Ronnie have two; Jay Wade, six years old, and Roxie, three. They live in a beautiful new country home west of Happy. Ronnie is a farmer and rancher.

Jeanne was Outstanding Jaycee-Ette in 1973. She won third place in the state Jaycee-Ette "Have Your Say" competition. Jeanne spoke on beef. Jeanne is active in Jaycee-Ettes and in the Young Baptist Women's organizations.

She teaches the young Adults Sunday School class and the third and fourth grade acteens. Jeanne is an active member of the Arney Community Club and the Grand Cross of Color. She is talented in sewing, home decorating, gardening and loves to read.

* * *

SUSAN AND MARK Moudy are the parents of a baby girl, Sandra Elaine, born Sept. 6. She weighed 7 pounds, 4 ounces and is 19 inches long. Grandparents are the Burl Sims and the Foy Moudys.

* * *

THE HAPPY COMMUNITY 4-H Club met on Monday evening in the Happy Jaycee Hall. Lisa Payne called the meeting to order. Beverly Wilhelm led the pledge to the American Flag. Jeanne Parker led the 4-H pledge. Brenda Parker called the roll. Teresa Luker was introduced as a new member.

Beverly Wilhelm was appointed chairman of the window decorating committee for National 4-H Week next month. Angelique Henry, Marta Donnell and Angela Parker will serve on that committee with her.

The Swisher County Fair Booth will be set up on Thursday by Edna Foster, Rani and Janet Foster, Melissa Harvey and will be cleaned up on Saturday by Mark Tackitt, Laura Fellers, Andi Payne and Todd Bryan.

Aaron Parker, Brenda Parker, and Kim McCaslin were the Happy 4-H members whose record books went to District.

Joy Bryan announced that the trail ride would be Sept. 21. All are to bring a sack lunch and meet at 10 a.m. at the Roy Bryans.

These officers were elected to serve this year: president, Aaron Parker; vice president, Brenda Parker; recording secretary, Nancy Woods; corresponding secretaries, Debbie Parker and Beverly Wilhelm; treasurer, Neal Odom; historian, Pearl Perez; reporter, LaRae Sims; parliamentarian, Kim McCaslin; council delegate, Eddie Joe Pearson; alternate, Sherri Starkey; and sargeant at arms, Tim Parker and Andy Payne. Installation Banquet plans are not complete.

The program was a skit on cameras and picture making. Those participating were Pearl Perez, LaRae Sims, Nancy Woods, Marta Donnell, and Sharla Miller.

Refreshments were served to about sixty members and twelve adults by Beverly Wilhelm, Clay Simons, Vincent Venhaus, and Connie, Vickie and Carrie Venhaus.

* * *

HAPPY ARTISTS CLUB met on Friday evening of last week in the Happy Sign Shop. Their new officers who take office on Oct. 1 are: president, Ernestine Danner; first vice president, Cathy Moudy; second vice president, Mary Womack; secretary, Phyla Harman; treasurer, Joy Cox; and historian, Ollie Nichols. All area clubs hold a joint installation next month in Amarillo.

* * *

JIM DYER WAS awarded August Ambassador of Wesley Medical Center in Wichita, Kan. Jim has been a chaplain resident there since 1968. Since that time he has completed seven units of clinical Pastoral Education. During his tenure he has tried to know and be known to Wesley employees. According to supervisors the Wesley staff turns to Chaplain Dyer more often for assistance with their personal problems than any other chaplain. He understands the need and importance of the development of human relations and he acts upon them.

Dyer's duties are varied and include counseling in the Wesley Psychiatric Unit and the Sedgwich County Methadon Maintenance program. He visits patients at Wesley and attends advanced training classes.

Jim Dyer is a native Texan. He graduated from Dimmitt High. He received a BA in 1958 from the University of Corpus Christi and a BD from Southwestern Baptist Theological Seminary in Ft. Worth in 1961.

Jim and his wife, Gwen, have five children. The younger three, Jennifer, a senior in high school, Jeffrey, a sixth grade student, and Jacklyn, third grade, moved with them to Ft. Worth during August. There Jim began work on a Doctor of Ministry degree at Southwestern Baptist Theological Seminary. Jimmie, a graduate of Baylor, will also be living at home this year and teaching school in the Ft. Worth area. Janette, the oldest child, is a graduate of Texas University at El Paso and married last summer.

Jim's aspiration is to be in pastoral counseling or chaplaincy work. "Jim Dyer cares about people and he cares about the Wesley community," one of the Wesley supervisors said. Jim now plans to return to the Wesley center to finish his studies after this year at the Baptist Seminary.

* * *

HAPPY'S ANNUAL HOMECOMING is planned for Sept. 27. The honored classes will be those of graduating in a year ending with '4' and the third place state girls basketball team of 1964, the Golden Anniversary class of 1924 and the silver Anniversary Class of 1949. This will be the first homecoming honoring a fourth generation family. Ona Holland, Evans Holland, Cherie Holland Harvey, and Shawna Harvey are the four generations.

This year's officers, presidents Lonnie and LaNelle Todd and vice presidents Reed and Joan McDonald and secretary Maurine Allison announced that this year would be election of officers. Those officers of the Happy Alumni hold office for a period of two years. The nominating committee is Ronnie Johnson, Jim McManigal and Tom Henry.

A full afternoon and evening of activities are planned for you on Sept. 27.

See ya!
Mary Neal

Junior High Beats Claude

Palisades Palaver

Picnic A Success

By MILDRED TURNER

OUR SYMPATHY TO all the family of Pete Hudson who passed away this past week. Some of you could not be reached but several of the ladies prepared covered dishes which Lorain Inman and I took to the home where we visited briefly with the family.

* * *

WE ARE SURE missing our guests (Jimmy Lindsey and Russell Alford) who have returned to San Diego.

I am dividing myself between the house, garden and need to be sewing or doing my meadow which is all grown up again. Don't guess I'll ever catch up. I don't understand people who catch up on everything and are bored. I guess I take too many mini-vacations to catch up or get bored either.

We sure enjoyed the boys while they were here and since we had rain often we just visited quite a bit.

* * *

TALKED TO DORA Hemby this week and she will be racing her horse all this month at various places. The races Sunday were United Sheriff's Posse finals between high point riders of Range I and Range II.

Games were keyhole, pole bending, flag race, barrel race, golfette ring race, rescue race, wagon race, ribbon race, and two-man relay.

Winners of the above will go to Quannah to compete in the National Finals with the winners of Ft. Worth, Sept. 28th and 29th.

* * *

THE PALISADES PICNIC was a whopping success. Wasn't it fun?

You who missed just flubbed your dub. There were so many familiar faces and lots of new people also.

Every one was so happy to see each other since we have been so scattered this summer.

June Hooker says she's anxious to have our ladies get back in club again to see what every one did all summer. The table was laden with lucious food of all varieties, served buffet style. I wish we had got a count when everyone was in the serving line but I would guess at around 200 counting the youngsters and all.

President Phil Boothe called the meeting to order (after everyone had stuffed and visited a while). Dora read the minutes and Jack Inman gave the treasurer's report.

Just before the election Vice President Paul Fleming gave a speech encouraging everyone to help the board, not depend on them for the actual work. In other words he was saying, "It's better to get a hundred men working than to do a hundred men's work."

Let us all put our hands together and see how much we can get done this next year. We are proud of our hard working board members but need everyone to accomplish our planned projects.

New officers elected who will take office January 1 are Jarriel Moore, vice president; secretary, Janet Seright; board member, Joe Lovan.

The officers who will remain in their present positions are president, Phil Boothe; treasurer, Jack Inman; board members, Jerri Thompson and O.O. Guess.

The evening was perfection from the food, visitation, business and the atmosphere, so everyone had a gala time.

See you next week.

M.T. — 622-0701

Halloween Carnival Booths Available

Canyon Study Club is presently making plans for their annual Halloween Carnival to entertain local "spooks and goblins" for their night on the town.

Clubs throughout the city are invited to participate in the carnival with their own fund-raising booths. Any club desiring to have booth space at the carnival should make booth reservations with either Gayle Gray, 655-4189, or Sandra McRoberts, 655-4005, as soon as feasible.

Although a club has had a carnival booth in previous years they must make reservations for space each year, according to Mrs. Don Dolle, club president.

"We hope to have a lot of booths and a lot of fun on Halloween," stated Mrs. Dolle. Another phase of the annual carnival is the crowning of Miss Halloween. The contest is sponsored by the CSC and includes junior high school girls nominated by those clubs sponsoring a carnival booth. Clubs should also notify Mrs. Bryan Poff, 655-2275, of their queen nominees as the club furnishes penny-a-vote canisters throughout the city for the contest. The votes will also be cast during the carnival and the crowning festivities will conclude the carnival evening.

Immunization File Records With Nurse

School student immunization records must be on file with the school nurse, Eleanor Deckard, before the record deadline, Sept. 13.

All students of the Canyon Independent School District must have their immunization records on file.

Ag School Due Move In Oct.

October 15 will see the West Texas State University School of Agriculture move from current cramped, scattered quarters into the Old Science Building on the south side of campus.

The old building has been renovated.

The north wing of the first floor will house the Animal Science Department with room for an animal reproduction lab, a dairy lab for the teaching and testing of milk products, and a nutrition lab to aid in feed analysis and ration formulation.

Ag Business and Economics Department will be in the north wing of the second floor where there will be most of the classrooms and one lab for marketing. The marketing lab will be equipped with a communication news service teletype and a computer terminal for management. These facilities will be used by all departments of the school. Also a reading room will be available to the students for study purposes in this area.

The Plant Science Department will be housed in the south wing of the second floor with facilities for a soils lab to be used for soil analysis and composition, two crops labs, a store room for seed and crop species, and an entomology lab.

Also contained in the building will be two labs for use by faculty, graduates, and advanced undergraduate students for special projects.

The Nursing Department will also be housed in the old structure.

Todd Gets Degree

Robert Todd has received his Bachelors degree from the University of Texas recently and is currently employed with Sakowitz of Houston as an illustrator.

Todd is the son of Mr. and Mrs. Carroll Todd of Pearland, Texas and graduated from Canyon High School in 1970.

Infant's Birth

Mr. and Mrs. Ted C. Briggs of Springfield, Va., announce the birth of a son, Matthew Edward, who was born Aug. 29, weighing 6 pounds, 8 ounces and measuring 18 inches in length.

The infant's father is a commodity industry analyst with the United States Tariff Commission in Washington, D.C. and his mother is a physical scientist at the United States Army Mobility Equipment Research and Development Center at Fort Belvoir, Va.

Mr. and Mrs. Cecil Briggs of Canyon are the paternal grandparents.

Meals-On-Wheels Meeting Sunday

Meals-On-Wheels will have an annual business meeting Sunday afternoon at 2 p.m. at the First Presbyterian Church of Canyon where four new directors will be elected to serve three year terms on the board of directors.

Any Canyon resident is welcome to participate in the Meals-On-Wheels program to aid senior citizens in Canyon.

Retiring from the board of directors after two years service are Ples Harper, Ray Bible, Jo Jackson and Peggy Smallwood. The election will be at the business meeting in fellowship hall of the church.

Salads Shared By Ruth Class

Ruth Sunday School Class of the First Baptist Church met at the 'Battleground' for a salad supper with a business session and fellowship visiting.

Mrs. B. B. Kendrick was elected president of the class during the business session. Other officers elected were Mrs. Don Beerwinkle, outreach chairman; and Mrs. Jim Ashford, Christian Home Ministries chairman. The class voted to conduct regular monthly meetings on the third Thursday.

Present were Mrs. Battle Harris, class instructor and hostess, and class members including Mesdames Don Beerwinkle, Dale Hamby, Jim Ashford, B. B. Kendrick, Carl Hollabaugh, Beverly Plank, Jerrell Corbitt, Bryan Poff, and Gene Crowder.

Mark Moudys Have Daughter

Mr. and Mrs. Mark Moudy of Happy announce the birth of a daughter, Sandra Elaine, who was born Sept. 6 at Neblett Memorial Hospital in Canyon weighing 7 pounds, 4 ounces and measuring 19½ inches in length.

The infant's father is a self-employed farmer at Happy. Grandparents are Mr. and Mrs. Burl Sims and Mr. and Mrs. Foy Moudy, all of Happy.

You can sell most anything with a SEEK ad. Call 655-7121.

The bottom fell out for William Lebo of Dallas, driver of a truck carrying about 41,000 pounds of sugar from the Hereford Holly Sugar plant. The bottom fell out just north of Canyon on U.S. 87.

Productive Year Foreseen For WTSU's Nurse Department

The West Texas State University Department of Nursing is "looking forward to a very productive year," says Dr. Hazel Aslakson, new department head.

Some of the more exciting events, she notes, will be the move into newly renovated quarters in the Old Science Building, which will include Learning Resources Center and the most modern of laboratory facilities, and an accreditation visit by the National League for Nursing scheduled for February, 1975.

The department's sophomore through senior class enrollment the fall semester 1974 is 275, with more than 160 freshmen indicating their interest. The number of men enrolled in nursing has jumped 50 percent over last year's proportion, accounting for "approximately 10 percent" of the total department, Dr. Aslakson says.

It is in those upper three grades that the students receive their nursing training, beginning with an introduction to nursing in which they are taught the nursing process.

Finishing the baccalaureate degree requirements, the only such degree in the upper Panhandle area, are Nursing 401 and 402, which are being taught for the first time this year as part of the integrated curriculum, Dr. Aslakson notes.

"The junior nursing student spends 16 hours a week in clinical experience," she says, "and the senior student 24 hours.

"The senior's Nursing 401 and 402 is where the student brings together and applies all that she has learned. A lot of the experiences are in the community — including family health centers and public health departments."

The 20 faculty members of the Nursing Department include Dr. Aslakson, who teaches techniques of research to all levels. Her doctorate degree is unusual in the field, only "approximately 900 holding them throughout the United States — or less than one percent." West Texas State University nursing faculty all must either hold their master's degree in the field, or have declared intentions to earn one.

Senior Named For Stipend In Economics

Robert E. Harwood, a WTSU senior, has been selected to receive the first $300 J. Herschel Coffee Scholarship.

Harwood was named outstanding economics major for 1973-74 and was recognized by this award for his outstanding leadership and scholarship.

"Robert Harwood is to be congratulated upon receiving the Herschel Coffee Scholarship," WTSU President Lloyd I. Watkins said. "It is indicative of his fine achievements in the Department of Economics, and I am proud of him."

The permanent scholarship fund was set up to honor Economics Professor J. Herschel Coffee upon his retirement in August, 1973, and now contains over $7550. It was set up to provide "a living memorial in recognition of his many contributions to the community, the university, and the educational experiences of his students throughout his 48 years of dedicated teaching," according to the Economics Department staff.

Funds for the scholarship are administered through the WTSU Foundation, a non-profit organization.

Birthdays-Anniversaries Listed For Canyon Folks

A number of Canyon folks are listed on the Canyon High School Band Calendar to be celebrating their birthdays and anniversaries during the remainder of this week.

September 12 — Billie Penn, Ricky Maxwell, Jill Day, Frankie McCrady, Donita Hall and Greg Cates, birthdays; Mr. and Mrs. Richard Persall, anniversary.

September 13 — Renee Mester, Brad Carpenter, Freeda Houk, Dixie Zickefoose, Monica V. Barber, birthdays; Mr. and Mrs. Leonard Schmidt, anniversary.

September 14 — Nolan Dees, Shane Bertish, Audrey Rackley, Jim Adams and Richad DeWayne Mariner, birthdays; Mr. and Mrs. Mickey Comer, anniversary.

Dr. Lloyd I. Watkins, left, presents a scholarship check to Robert Harwood, center, as Dr. Barry Duman, chairman of the economics department at West Texas State University watches. Harwood is recipient of the Herschel Coffee Scholarship this year at the university.

Youngsters' Pop Corn Is Yummy; Football Begins

By TROYCE MULHERIN

GREETINGS: The North Plains Association for Children with Learning Disabilities will meet Sept. 19 at 7:30 p.m. in Snodgrass Hall of the First Christian Church in Wolflin Village. Max Sherman will discuss "Plan A" with those in attendance. Trissa Shott said that anyone interested in children with learning disabilities is cordially invited to attend this meeting.

Anyone — parents and teachers alike will be welcome! The meeting should be over before or about 9 p.m. If you have any questions concerning this association, feel free to call Trissa at 622-1579.

* * *

JEANE MILLER IS a charming lady new to Gene Howe this year. Mrs. Miller has a fourth grade class, which she is thoroughly enjoying. Hubby Jerry is a graduate director for the School of Business at West Texas State University.

The Millers have three children — all boys. Mark is 12 and in the seventh grade at Canyon Junior High. Trent is 10 and fifth grader at Rex Reeves. Shane is 5 and a kindergarten student at Rex Reeves. As you have gathered by now, the Millers live in Canyon and have for about five years.

Jeane earned her Bachelors in Elementary Education at North Texas and her Masters at West Texas State. She taught in Amarillo, Hereford and Portales, N.M., before joining us in Gene Howe Land.

Being a teacher, a mother of three and a wife, Jeane doesn't have much time left over, but enjoys reading when she has the opportunity. All the Millers go golfing together. Everybody but Shane golfs, that is. He spends most of his time on the course chasing balls and pulling the golf cart around.

Jeane is very pleased with her position at Gene Howe, saying there is a certain atmosphere reflecting everyone's concern for the children — both parent and teacher concern. She says everyone is so nice, friendly and helpful that she couldn't help but fall in love with the school and the youngsters. Those of us in the Gene Howe area will easily appreciate having this fine lady in our midst — welcome, Jeane!

* * *

SPEAKING OF THE school — was in the building one day last week. Smelled the readily identifiable aroma of popping pop corn. Made a hurried visit to the kindergarten room, and sure enough — Mrs. Hollingsworth and her students were busily popping. Those youngsters may not have been in school very long, but they sure make yummy pop corn.

* * *

A GET-WELL-SOON TO Mrs. Gertie Simpson, who recently underwent surgery on her knee. Understand that she is recouping and looking forward to "going home."

* * *

A HAPPY BIRTHDAY to "Lovey." Not mine, Pauline's. Dub Hefley celebrated on the 9th. The Hefleys have moved lock, stock and barrel back to Amarillo from Canyon. Alexis is attending Tascosa High and Jody is attending West Texas. Welcome back, folks!

* * *

THE BAND CALENDAR drive is underway. Band students should have brought an order sheet home through their home rooms. At any rate, any band student will be more than happy to sell you a subscription to this handy, dandy calendar!

Those of you unfamiliar with this jewel will be interested in knowing that it lists birthdays and anniversaries and club meeting dates. It is actually a wealth of information. Oh, yeah, it has lots of room for you to write down your own dates of interest.

The subscription rate for a single person is a lowly dollar. Rates for a married couple, listing both birthdays and the anniversary date, is a paltry $1.50. For a family, with listings of anniversary and mom's and dad's and all the kid's birthdays, a simple $2.00 will do the job. Any extra calendars, that is, beside the first one, will be a dollar extra. Your calendar will be delivered to your door sometime in December.

This is a reallly good deal. Not only will you be getting an extra nice calendar, you will be helping band students, elementary, junior high and high school levels, defray some of their expenses. Not only that, top prize money of $5.00 will go to the high sales person in each band.

Those helping with the calendar drive from our area include Bettye Stokes, who will be at the school each morning collecting moneys and orders, and Mary Davee, who is coordinator in this area.

Sherrie and Roy Cates serve as President of the Canyon Band Parents Association this year. And, Sherrie said that anyone who is not contacted by a student, and who wants a subscription should feel free to call her and she will see that you get one.

Bill and Pat Seth serve in the office of vice president for the Association. They also live in the Gene Howe area and would probably be more than happy to help you secure a subscription. Mr. and Mrs. Paul Ferguson of Canyon are serving as treasurer; and, Ann and James Palmer are serving as secretary for the association.

* * *

UNDERSTAND THAT FOOTBALL is underway. Scrimmage games have already started! Dick Balke and Leonard Schmidt serve as coaches of the fourth grade team at Gene Howe. Ray Myers is coaching the fifth grade team; and, Bob Trook has the sixth graders this season.

Sure would appreciate someone from the Trook team getting in touch with me. Sure do need some information regarding this team. Please and thank you.

WHAT GOES HAND in hand with football?

Cheerleading, of course. Glenna Schmidt is working with the sixth grade cheerleaders.

Now, who is working with the fourth and fifth grade cheerleaders? Give me a call, please, someone, please!

* * *

AMARILLO ART LEAGUE held its first meeting of the 74-75 season last week. The charming Babe Miller presided at the fall salad luncheon, which featured highlights of the summer and a preview of things to come.

Actually, in certain circles, the highlights and the preview were secondary to the delicious salads — after all, the rule of a salad luncheon is to take some of everything. Wouldn't want to slight a single salad. Right, girls?

* * *

THE STAFF OF the Northwest Texas Hospital treated its auxiliary to an extra-special treat last week — the Annual Awards Luncheon. Same was held in the Pavilion auditorium. Those in attendance greatly enjoyed several musical numbers presented by "The Revelations."

Gene Howe Area's own Mel Atkins is one of the talented members of this group. F. S. Walters, Jr., Administrator at the hospital spoke on "We have a Commitment," and praised the auxilians on their contributions to the patients and their families and to the hospital district and its needs.

Those from this area receiving recognition and volunteer service awards (150 hour pins) included Melvina Brown, Jackie Jobe and yours truly. Though Melvina was unable to attend, she was recognized for her service and will get her pin when they can run her down long enough to pin it on. (And, that Jackie won one of the lovely pink and red carnation floral arrangements used as table decorations!)

Darlene Campbell received her well-earned 500 hour bar. Raydell Palmer, Auxiliary president, received her 1500 hour bar. Gwyn Sellers, Auxiliary historian attended the luncheon, as did Lynda Hawkins, as guests of Darlene. Pauline Hefley, Auxiliary publicity chairman, contributed her presence. Beulah Casperson, Director of Volunteer Services, was assisted by Dorothy Johnson, Director of Nursing Service, in the presentation of the awards.

* * *

BACK-TO-SCHOOL FOR THE adult types has hit in the Gene Howe area. Evening classes were to begin this week at our school.

Cake decorating, given by Mrs. Lewis Tucek; flower arranging, given by Velta Hord; and beginning crochet, given by Mary Kramer, are scheduled on Monday evenings.

All three classes start at seven and are over at nine. The cake decorating and the flower arranging classes are to last four weeks, and the crochet is scheduled for six weeks.

On Tuesday night, basic drawing, taught by Mrs. Harold Hagemeier, and beginning Spanish, given by Mr. Mario Ross, are offered for our learning enjoyment. The drawing class is scheduled for seven to ten o'clock for eight weeks. The Spanish class will meet for ten weeks, meeting from seven to nine o'clock.

My grief! Almost missed the beginning needlepoint class, which is scheduled for Monday nights, too! This class is taught by Mrs. David Wheeler from seven to nine o'clock, and will last for four weeks.

Thursday evening will find a decoupage class, given by yours truly, and a wig styling and hair care class, taught by Mrs. Don Rozell, is offered.

Decoupagers will "create" between seven and 8:30 o'clock for eight weeks, and the "hair" people will "create" from seven to nine o'clock for eight weeks.

The fees for these classes vary somewhat, according to the number of hours in each class — but, all are nominal.

These community education classes represent another step of the Canyon Independent School District in serving the needs of the community. Besides that, the "students" sure have a lot of learning fun.

A minimum enrollment of twelve "learners" is needed in each of these classes.

A word (or two) here — these classes are offered to continuously involve people in projects and programs which the school system can provide and which meet community needs; hopefully, YOU, as an individual and a concerned citizen will become involved.

* * *

LAST SATURDAY SEVERAL Gene Howe area ladies converged on the Arlean Todd home in Canyon for the express purpose of having coffee with the bride-elect of Guy Bufkin. The lovely Jean Owens and Guy will wed in October and will reside in the Gene Howe area for a while until their new home on Julian is ready.

* * *

ONE REMINDER — ORDER your band calendar today, 'cause some time or other you will wish you had one!

* * *

THANKS FOR THE use of the hall and the calls.

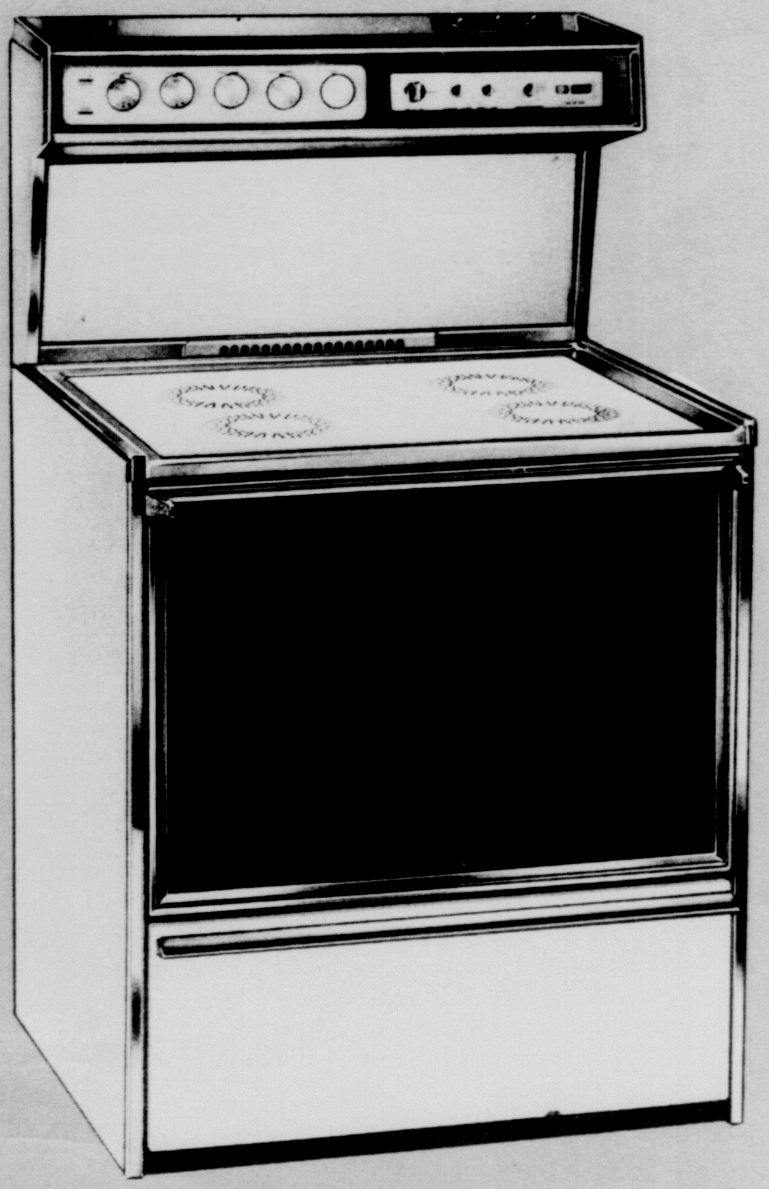
CO-OP SMOOTHTOP ELECTRIC RANGE

Model NKSE311

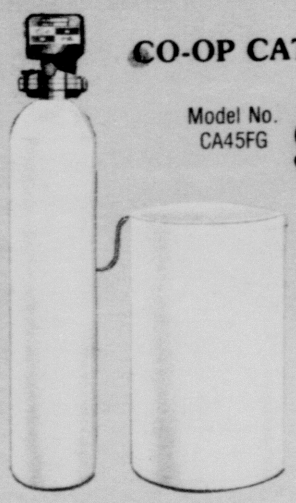
$475.95

The all new Smoothtop Range eliminates messy drip pans forever. To clean, you simply wipe the cool surface with a damp cloth. No special cookware required. Other convenient features include warming shelf that allows you to keep food piping hot until ready to serve and Everkleen Oven that continuously cleans itself as you cook.



CO-OP Water Softeners make life a little easier.

Soft water makes your clothes feel even cleaner and your dishes and glassware dry sparkling clean without wiping, and there's no more ring around the bathtub. Your appliances work more efficiently, particularly your washing machine and dishwasher. Pipes stay cleaner and hot water heaters last longer, too! A CO-OP Water Softener is an investment that pays for itself in real savings in soaps and detergents and real pleasure in bathing and shaving. Coffee tastes better, too! Find out for yourself what a difference soft water can make at CO-OP.



CO-OP CATALINA SERIES WATER SOFTENER

Model No. CA45FG

$350.25

Conditions water up to 90 grains of hardness, automatically. Economical to operate. Strong fiberglass construction eliminates rust problems.

CO-OP RIVIERA SERIES WATER SOFTENER

Model No. RVA22FG

$318.00

Smart space-saving design and fiberglass construction for long life. Conditions water up to 50 grains of hardness.

CUNO AQUA-PURE WATER FILTER

$31.50

Model No. AP10

Filters out dirt, bacteria and other water-borne contaminants. Easy to install. Fits any conventional water line.

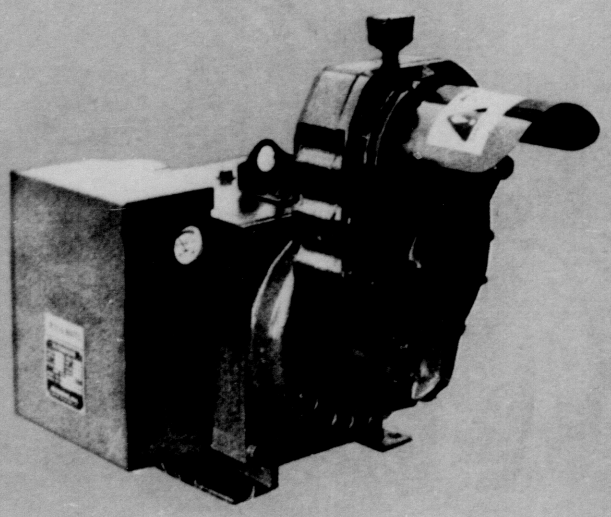
Boosts available water pressure 80 pounds. Ideal for hose down cleaning and numerous spray jobs. Portable and easy to carry. Works from home water supply or from any shallow well, pond, tank or stream.

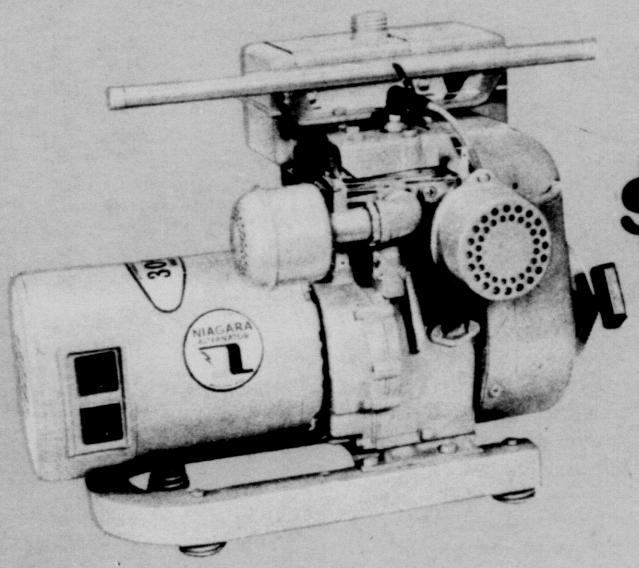


AG-TRONIC PTO DRIVEN ALTERNATOR

$955.75

Model No. 18P1

The best insurance you can have for a power outage. Provides 18000 watts of continuous power, enough to keep your home lighted and your farm equipment running. Hooks up to your tractor in minutes. Designed for permanent installation or use on optional three-point carrier or two-wheel trailer.



NIAGARA PORTABLE ALTERNATOR

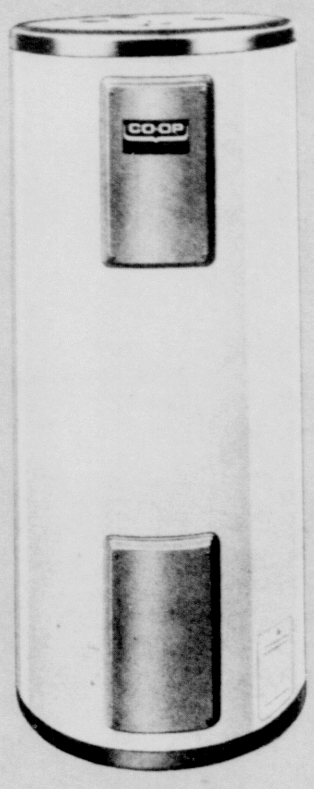
$416.00

Model No. 5622

Provides quick dependable power wherever you need it. 3000 watts, 115 volts, 26 amps and is reconnectable to 230 volts, 13 amps. Ideal for standby power use in remote areas.

CO-OP Water Heaters

With a 5-Year Unconditional Written Warranty



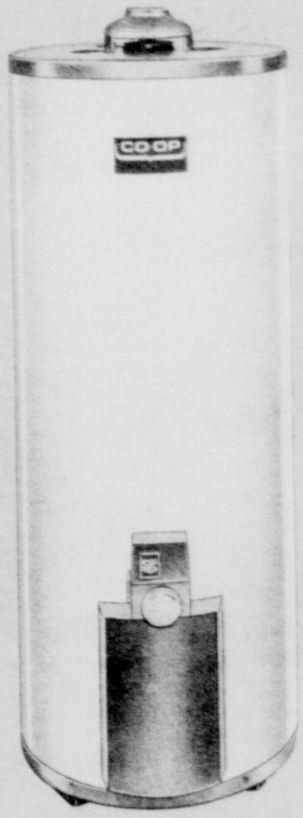
ELECTRIC WATER HEATER

Model No. R8-42-V2

$99.95

42-gallon capacity

Features built-in heat trap that prevents unnecessary water circulation and heat loss. Extra thick insulation keeps water hotter longer and saves on energy costs. Also available in 52-gallon size.



GAS WATER HEATER

Model No. 50-VT-1

$115.95

50-gallon capacity

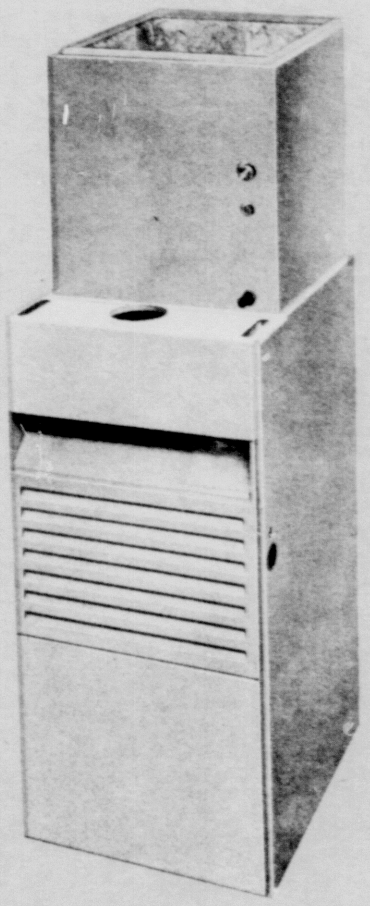
Rust-resistant glass lining, automatic safety thermostat, fiberglass insulation and gas burner regulator for added safety. Available in LP or Natural Gas units. 30 and 40-gallon units also available.

EDISON HUMIDIFIER

Model E39D

$99.95

Authentic Mediterranean styling and simulated walnut finish enhance the beauty of any room in your home. Adds up to 11 gallons of water a day to your home. Quiet operation, automatic humidistat and refill signal light are among the special features.

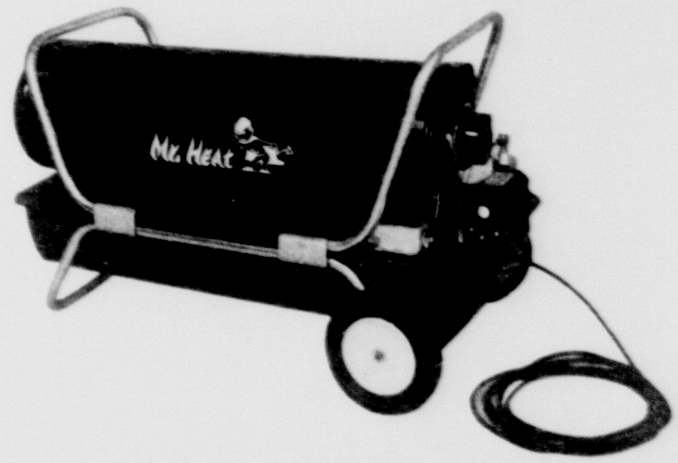


SIEGLER FORCED AIR FURNACE

Model 100U4 **$226.95** plus installation

Siegler — the standard of excellence in home heating and air conditioning — offers you the ultimate in comfort and economy. Designed for upflow only, these fine units are available in 55,000 to 150,000 BTU/HR capacities with many adaptable for 2 - 5 ton central air conditioning. Burners are designed for maximum efficiency in combustion. Safety limit switch automatically shuts off furnace should overheating be detected. Stop by your participating CO-OP for more information and a free estimate on Siegler whole house comfort for your home.

Portable Heaters



MR. HEAT PORTABLE OIL HEATER

Model H-70-F **$171.95** (70,000 BTUs)

Tame the cold this winter with a rugged, trouble-free "Mr. Heat" portable oil heater. These units are lightweight and compact enough to fit in the trunk of a car, yet durable enough to withstand the elements for thousands of hours of maintenance-free operation.

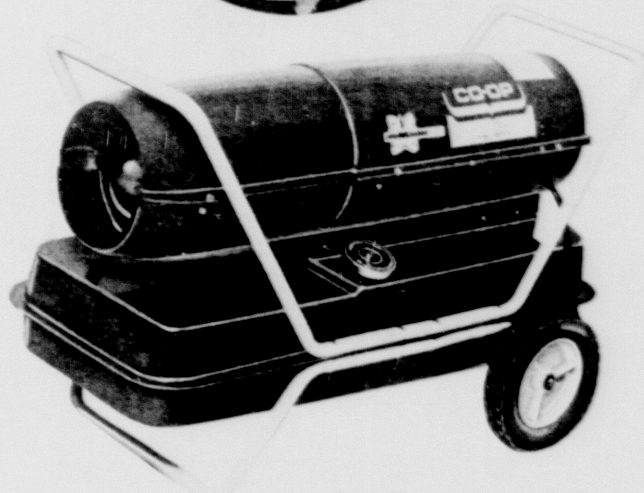
CHAMPION SALAMANDER

Model 100S

$99.95

(90,000 BTUs)

Only 26 pounds light, so it can be taken anywhere. Special features include heavy gauge steel body for long life and steel flame deflector for increased heat distribution and clean "total combustion" heat.



CO-OP PORTABLE OIL HEATER

$270.00 C150-S

(150,000 BTUs)

Large capacity portable heater with built-in thermostat for temperature control. Automatic safety shut-off shuts heater off if flame is extinguished.
